Leduc Roofers Acknowledge Ongoing Customer Appreciation

November 18, 2019

November 18, 2019 -
Edmonton, AB based DDCL Roofing & Maintenance is pleased to share a review of their services that was left online by a satisfied customer. As their name suggests, the company offers a variety of roofing solutions to the communities they serve, doing their utmost to ensure that local residents always have a sturdy and well-maintained roof above their heads.

In their 5-Star review of the company?s services, Anne Nixon writes on the Google platform that, ?We are impressed with the thoroughness of their work. Extremely satisfied, and would not hesitate to call them at any time. They go above and beyond.? Nixon?s comments reflect the extremely positive statements made by other customers as well, as illustrated by the fact that the company boasts a perfect 5/5 Star aggregate review score on the platform.

Due to the nature of their work, customers frequently call upon them for help patching up their roofs or getting other maintenance tasks carried out. The company?s swift and pragmatic approach to their work has garnered them a great deal of support from local residents, especially since they are able and willing to take on projects that extend past roofing alone. For instance, Paula Melnyk write in their own 5-Star review that,

?DDCL recently painted my whole townhouse. This included the walls, doors, trim, and baseboards. The quality of their work was excellent. They paid attention to minute details. They even fixed minor problems for me that were discovered during their work. The staff were polite and cleaned up after themselves.?

As DDCL Roofing & Maintenance says in their mission statement, ?DDCL provides a superior roof replacement or repair service to protect your home from the environment (weather), extend the roof?s life, and provide quality maintenance services in your home so you can relax, worry-free.? While it is evident that this is true of the services the company currently offers, homeowners and property managers who have their houses? best interests at heart may be pleased to learn that the company has long maintained a stellar record of excellent roofing and maintenance services.

In a DDCL Roofing customer review that dates back a period measured in years, another homeowner simply states that, ?They are highly professional and do their job perfectly,? attesting to the fact that the company?s superior customer service and project execution has remained consistently positive over the past few years. The company also boasts an A+ rating from the Better Business Bureau, long considered the authority in weighing a business? merits.

According to DDCL, they owe their success to the fact that each member of their team of professional roofers and contractors is fully licensed and bonded?and wields a great deal of experience in the field that spans back at least 15 years. They also prioritise quality, safety, and integrity every time they visit a customer?s property. This effectively means that they always complete a job to their customer?s satisfaction while simultaneously ensuring the safety of all persons involved in the project, whether they are employed by DDCL or not. Additionally, customers can rest assured that the company will remain completely transparent with their pricing, so no hidden fees or unexpected charges will be added to a bill after they have agreed to take on a new project.

The company invites residents in their community to reach out whenever they are in need, particularly since the days are getting colder and emergency roofing or maintenance services may soon be required. On that note, they say, ?Your developers made your residential property as durable and long-lasting it can possibly be. However, even problems with seemingly small consequences can become huge liabilities if you leave them unaddressed. DDCL provides exceptionally affordable rates and the best quality of preventative residential maintenance Edmonton solutions to help you find problems and solve them before they get any larger.?

Customers may contact Daniel Foulkes of DDCL Roofing & Maintenance to pursue any further inquiries or schedule a new project with the company?s team. More information can also be found on their official
