

Blue Organix Helps Thousands Through All Natural Supplements

November 21, 2019

November 21, 2019 - PRESSADVANTAGE -

Valrico, FL based Blue Organix is delighted to share that they have helped thousands of people overcome personal health problems through their high quality all natural herbal supplement line. These problems include kidney stones, cholesterol, blood sugar levels, overactive bladder and stress as well as other conditions.

Notably, their Chanca Piedra Kidney Stone Dissolver (formerly sold as the Kidney Stone Crusher) was the Number 1 kidney stone treatment on Amazon in 2015-2017. Since then, more people have turned to all natural herbal supplements to improve their health without ingesting many of the additional ingredients commonly used in pill manufacturing.

Their Overactive Bladder Control Pills for Women and Men have won the coveted Amazon Choice badge for products in their category, with over 230 ratings from Verified customers. Those suffering from frequent urination, overactive bladder supplement for Nocturia or urinary incontinence are encouraged to find out more about this natural and soy free alternative.

With over 1 in 6 adults over the age of 40 known to suffer from an overactive bladder, finding a reliable, natural solution just makes sense. Unfortunately, this condition gets worse with age, with 90% of those aged over 80 suffering from Nocturia. The company backs up all products with a 60 day, 100% money back guarantee, underscoring their belief that their supplement will reduce bathroom trips by at least 57% within 8 weeks, and urinary incontinence by 63% within 8 weeks.

?My life has been one of service to my country and my community. I suffered from kidney stones and, through my own research for a viable natural treatment, I started on a new path and the founding of Blue

Organix,? says company founder Peter Humleker, who is also a United States Marine Corps veteran. ?Through Blue Organix, I can ensure that we concentrate on getting the most potent, high quality products which will produce the best results. That same commitment to our community, and the freedom we all enjoy, is what drives us to donate a portion of all our profits to Operation Underground Railroad, to rescue human and sex trafficking victims, many of whom are children.?

Blue Organix makes many of their best selling products available through their Amazon storefront, all of which can be shipped globally where permitted. Chanca Piedra, the top selling Kidney Stone Dissolver is an all-natural organic liquid and comes with a 60 day money back guarantee. As described on Amazon, it is, ?The Last Kidney Stone Treatment You May Ever Need.?

Dynamic Longevity, one of the leading reviewers of natural supplements, said, ?Blue Organix did not top our list only because of the price.? This is due to the fact that it is slightly more expensive than their first choice. Notably, however, Blue Organix does not contain the other product?s unnecessary ingredients, including gelatin, magnesium stearate, maltodextrin, dicalcium phosphate, silicon dioxide, and microcrystalline cellulose. This makes it an easy choice to pay a slightly higher premium when price is the only basis for the decision, particularly given Blue Organix?s commitment to give back some of their profits to helping others who are not able to help themselves.

Humleker continues, ?Chanca Piedra is used throughout the Amazon tribes to help people. Having found that it worked for me, I was convinced that there are many other natural remedies which can help others. Today, our rare herbs come from Amazon Rainforest, India, Russia and parts of Asia. Our commitment to 100% natural and sustainably wildcrafted ingredients drives us forward to helping more people. I believe everyone has the right to freely choose natural solutions to help them.?

Through the Amazon page for Chanca Piedra, interested parties may read more of Humleker?s amazing experience?as well as reviews from customer who have given the product 5/5 Stars. One customer credits Chanca Piedra as having, ?saved my cat?s life.? Another, identified as Steven C., reports that they, ?Started having kidney pains. Took this product and my pain went away in less than 24 hours. Highly recommended!? They gave the product 5/5 Stars as well.

The company currently has seven products available on its Amazon storefront as well as the Blue Organix website. Humleker asserts that, ?Our philosophy is to keep a small product line devoted to the highest quality ingredients and focus on helping as many people as we can while maintaining the highest standards. We will continue the search for the best herbs that can help with everyday problems, because we believe that this is better for everyone. Many of our products name their key active ingredients so that everyone would know what they were buying. That way, they will learn what works.?

Their product range includes a number of natural remedies which many people experience. Their Berberine product, for instance, provides blood pressure and cholesterol support as a natural alternative. Dragon's Blood helps those with receding gums and provides support for stomach ulcers. They also provide individual supplements to support conditions people commonly experience.

Those who wish to find out more about Blue Organix products can explore their website and their Amazon storefront to read further. Blue Organix can also be contacted through their social media channels.
