

Intensified Service Coverage Improves Dukes Towing Roadside Assistance Service In Phoenix, AZ

November 18, 2019

November 18, 2019 - PRESSADVANTAGE -

Dukes Towing commences improved roadside assistance service in Phoenix, AZ, offering stranded driver services that include flat tire change, car lockout assistance, battery boosting, emergency fuel delivery and simple mechanical repairs. All services are available 24-7 and can be booked by calling the company's hotline number (602) 497-4858.

"Roadside assistance is an important component of our enduring commitment to offering innovative services. We want to positively impact and make the daily lives of motorists and residents in Phoenix easier," says Robert Wickens, the spokesman of Dukes Towing. To learn more about the company, please follow this link: <http://gmbp.in/u/5dd2c53cb528a>.

At the heart of its improved roadside services is the escalation of the company's service network. The company has added new towing teams to its existing workforce to be deployed in key locations around Phoenix. All customers within their service areas can now be assured of 30-minute response time for emergency service anywhere in Phoenix, AZ.

Communities like Taliverde, Heatherbrook, Out West Trailer Park, Woodcreek, Biltmore Gates, Dobson Ranch, and others will now be receiving a fast emergency response like those motorists stranded near the company's headquarters in E. Broadway Rd in Phoenix, AZ. With this, the tow company now genuinely provides fast emergency auto repair and towing services in the greater Phoenix area. The company can now assure quick arrival of 30 minutes by a professional technician anywhere in and around the city. "We are further intensifying our presence in Phoenix and extending our full-service offering in the city's growing economy and population," says Wickens. For a complete list of their service areas, check out this link: <https://sites.google.com/site/dukescarsandtowingservice/>.

The tow truck company provides 24/7 emergency roadside assistance for motorists and travelers stranded in all its service areas. Stranded drivers can request for help 24 hours a day seven days a week 365 days a year. "We believe that on-demand service with a right set of supply can improve our mobility to serve the entire city of Phoenix," adds Wickens. The company added more auto mechanics and towing technicians as they expand their presence in the Valley of the Sun.

Dukes Towing is constantly finding new ways to provide its customers with value and peace of mind when it comes to emergency car troubles. "We are passionate about remarkable service, with special emphasis on safety and quality. Our innovations are based on data and science to effectively address our customer's true needs," says Wickens. The tow truck company is also excited to extend its capabilities. Without a doubt, their renowned roadside assistance also shares the company value of putting customers as their top priority.

Dukes Towing also takes a customer-centric approach in delivering its emergency services. Their customer representatives do not hassle or pressure customers to make an immediate decision. Instead, their dispatchers briefly and quickly identify and outline the details of the best service options to customers. Their towing technicians, on the other hand, are very friendly, respectful and courteous. They perform their services as competently as possible so that customers can get back on the road safely and get to their destinations, appointment or engagements on time.

"In keeping with our enduring practice of innovation and leadership, we are setting the bar when it comes to human-centric service. All our services are geared towards achieving the end objectives of the customers," Wickens adds.

The newly unveiled roadside service is also designed to increase access to the emergency service by the greater public. The company has made its services inexpensive and free from hidden charges. "Our comprehensive yet affordable emergency services would mean that stranded motorists will spend less and get more service," explains Wickens. Check out more information about the company here:
