## **Get UpViral Today, A Software Solution Designed to Help You Generate More Leads**

*August 06, 2015*

August 06, 2015 - PRESSADVANTAGE -

Wilko De Kreij has released a new software product UpViral that will improve your list building tremendously. UpViral is software designed to help you build your list quickly and at minimal cost.

UpViral uses a proven "word of mouth" method to get you more subscribers to your email list

Can be used to integrate with your application creating that viral effect.

- ? Can be used in online and offline promotions
- ? Can be used in business to business or business to consumer promotions
- ? It takes a few minutes to setup

Wilko De Kerij has used this method to generate over 16,000 new leads in 4 days using the UpViral software he created.

It's currently available for a lifetime license of \$297 or yearly license at \$197 and the monthly subscription is

priced affordably at \$37.

The lifetime license will never be sold again after the launch of UpViral. The yearly license will increase to \$297 and the monthly licenses will increase to \$67 after this launch.

If you would like your advertising campaigns to go viral and become less dependant on a single source of traffic, get a hold of UpViral today, it comes with a 30 day money back guarantee, if you're not satisfied with the results in anyway.

The lifetime license for this software will not be sold again. Get the lifetime license of UpViral today while you still can, the lifetime license will only available for a few more days then it'll be pulled off the shelves forever.
