

Tru Health Labs Celebrates First Anniversary Of Forskolin

August 07, 2015

August 07, 2015 - PRESSADVANTAGE -

Tru Health Labs, a health and nutrition company in Lisle, IL, is celebrating the first anniversary of their Forskolin MAX 250 on Amazon. It is the second product that they have made available through Amazon and it has proven to be popular because it is designed to help in weight loss. As part of the celebration, the company is currently offering it with a special discount.

Tess Mahan from Tru Health Labs says, "We are so happy that our Forskolin product has been so popular for a full year now. To show our customers how much we appreciate them, we are offering the Forskolin fat burner with a 20% discount." By using the promo/coupon code AUGMAX20 at checkout, the 20% discount will automatically be applied. There is no limit to the number of bottles of Pure Coleus Forskohlii Extract that can be purchased with the said promo code, however, the discount code itself can only be used during one transaction.

Since the Forskolin product was released one year ago, it has received numerous positive reviews and many people have noticed its benefits. "My girlfriend started taking Forskolin Max 250 after seeing it on the Dr. Oz show and how amazing it works at burning belly fat. I noticed the weight loss immediately so she said I should try it too," says Marcus on Amazon. "I did some research on Forskolin and found out how it helped body builders not only burn fat but at the same time increase muscle mass, since I've been working out at the gym lifting weights. I definitely wanted to give it a try. After just a few months of taking the Forskolin Max 250 I've lost a total of 27 lbs. I recommend this product to anyone who is looking to lose weight."

One bottle of Forskolin MAX 250 is a two months supply and it is designed to help promote weight loss by boosting people's metabolism and suppressing their appetite. It also helps to increase lean muscle mass. Tru Health Labs believes in the quality of their products so much that these are being offered with a 90 day full money back guarantee. Customers can contact Tru Health Labs directly at 866-511-2600 if they have questions or any problems using the 20% promo code on Amazon.
