

Falcon Towing's City-Wide Roadside Assistance Services in Fresno, CA Gets Makeover

November 21, 2019

November 21, 2019 - PRESSADVANTAGE -

Car problems are indeed a challenge and a source of frustration for motorists, but with Falcon Towing's responsive roadside assistance service in Fresno, CA, it will now be a satisfying experience. The company announces a series of changes that will enhance its tow truck services for the benefit of the driving public.

In recent years, Fresno is experiencing a surge of automobile accidents and problems. Given the growing population in the city, the number of roadside problems is really not surprising. In response to this challenge, Falcon Towing is has improved its roadside assistance services in the city by building up its presence and the city, improving the competence of their workers, and making their services more accessible.

In a move to expand its service coverage, the company has built up its network of deployed emergency tow teams in planned sites to amplify their city-wide presence. New towing squads are tactically spread across the city so that they respond faster to halted drivers due to vehicular troubles.

Communities like Trigo, Ripperdan, Reedley and Banadelle Ranchos, among others, will not be effectively served by the towing provider. a burst tire, drained car battery, lockout doors, empty gas or even misplaced

keys, will no longer be a big issue for motorists because help is not immediately obtainable. With this expansion, the company now operates one of the largest towing and recovery fleet in Fresno, CA. A comprehensive list of the company service areas is available in this link: <http://gmbp.in/u/5dd6a9465f3ff>.

The company representative, Mayur Quinn, explains, "Stranded drivers in Fresno, CA and nearby areas no longer need to panic or feel hopeless in case of emergency car troubles along the road. With the improved roadside assistance service of Falcon Towing, car owners and drivers now have a company they can trust with the ability to address almost all car troubles problems." As the most reliable service provider in Fresno, the tow provider took upon itself the responsibility of ensuring the safety of motorists and other people traveling in and around Fresno when it comes to emergency vehicular troubles along the road.

Falcon Towing has been providing tow truck services across Fresno, CA for over two decades. It has provided services to private car owners, insurance companies, various car clubs, equipment rental companies as well as auto dealerships and private companies. The sheer size of the company's customer demonstrates the faith and confidence that people in Fresno have given the towing company.

Aside from towing and equipment transportation, the roadside assistance of Falcon Towing includes battery boosting, lockout assistance, tire changes, fuel delivery, and basic engine and mechanical troubleshooting as well as other specialty services. The special services may include booking for a taxi, escorting stranded drivers/ passengers and referral to accredited auto service centers. To ensure competent service delivery, the tow technicians and mechanics of the company undertook a thorough skills upgrading program to abreast them with the latest technology, techniques, and trends in automotive technology. All towing workers are also certified professionals whose services are bonded and insured to provide added protection to customers from mediocre work and haphazard handling of their properties.

The company also ensures greater accessibility of the motoring public by making their tow truck services at low-cost rates. Promotional discounts are also offered regularly for specific services to further drive down service prices. Aside from its superior value, the company is also hailed for its honest pricing that rules out hidden charges.

Apart from their reliability for 24-7 fast response, the competence of their professional mechanics and affordability of their services, the greatest feature of Falcon Towing is its sincere commitment to helping people. Quinn explains, "Each of our staff loves their work. We get our sense of fulfillment from the satisfying

smiles of all the customers that we rescue and help.? Check out more information about the company here:
