# Legacy Healing in Pompano Beach Launches New Addiction Website

*November 22, 2019*

November 22, 2019 -
Pompano Beach, Florida?s premier detox & rehab facility has revamped its website to make information more accessible to clients.

The upgraded Legacy Healing website is not only more visually appealing, but also more informative and helpful. The company?s goals are more clearly stated, emphasizing their individualized client-centered approach, designed to build hope for patients struggling with addiction, substance abuse, and dependence.

Built with how people search the web in mind, Legacy Healing invested into AMP or accelerated mobile pages. To help make their web pages faster and easier to access for mobile devices. Since a high percentage of searches come from mobile, this only makes sense to focus on mobile-first.

The site, which can be visited through the following link, helps patients seek professional medical treatment: https://www.legacyhealing.com/

This stage is a crucial step towards recovery because patients need to be open enough to receive the care

they need, whether it is in the form of medical detox, behavioral therapy, counseling, or all of it. Legacy Healing creates a stable support network that helps clients achieve long term health and healing.
