When we started Cove Fort Towing, our aim was to help people who need any kind of towing service or roadside assistance. Now, six months and many customers later, we are very pleased to say that our company is a success!"

"When it comes to towing in Bakersfield," Pruitt says, "Cove Fort Towing has the best towing fleet, the right experience and the right equipment. I believe this is what has allowed us to quickly become one of the most reliable towing companies in the area. As any customer who has made use of our services will tell you, we get the job done fast and easy. Whether it's an RV, a car or a motorcycle, we can handle it."

He continues, "But that's not all. From the day we started the company, we've made it our main concern to

ensure that people have access to an affordable towing service. After all, any situation in which you need towing is stressful enough without adding exorbitant costs to it. We don't want you to worry about finding a towing company that doesn't overcharge you.?

Darren Scott shares his experience with the company as well, saying, "Thank you so much for a prompt and professional service. I called the office last night at 9:00pm, letting them know my brother is stuck with his boat; the trailer broke down on the highway about 50 miles away from Bakersfield. They responded immediately, called my brother and he was safe at home a few hours later. Highly recommended if you ever need towing services.?"
