

Murray's Towing Launches Towing Service In Garland, Tx

December 04, 2019

December 04, 2019 - PRESSADVANTAGE -

Murray's Towing Services is pleased to announce the launch of their business, which officially took place on the 10th of March, 2019. The company can be found at 226 Commercial St #101, Garland, TX 75040 (in central Garland), a convenient location that many customers will find easy to access. They have been busy helping stranded motorists in the Garland area since March.

On the company's website, it is possible to navigate to an easy to read page showing all the services that Murray's Towing Service offers in Garland. One such page shows the areas they service, both by area name and zip codes. Customers will be pleased to learn that their coverage also extends to Dallas, University Park, Zacha Junction, Audelia, and many more locations.

Anthony Mayer, a representative of the company, says, "We offer a prompt service so that people can get back on the road and get on to their safe destination. Around the holiday period, motorists tend to make longer journeys than they usually do, sometimes on unfamiliar roads, and a breakdown can make a real mess of their plans for the New Year, for instance." He continues, "We have a full list of towing related services, we don't just tow cars. It can be important to get any vehicle back on the road promptly, no matter

what type of vehicle it is, or even what time of day the breakdown occurs in. We will get out to them and get them going, or pick them up.?

This claim is borne out by testimonials shared on the Murray's Towing website. Satisfied customer Eva Henandez is quoted saying that they found the company, "Reliable, affordable and arrived sooner than expected to pick my truck up in middle of midnight. Thank you so much, Murray's Towing, for helping me out.?"

At Murray's Towing, assistance is offered with all vans, cars, and SUVs. Whether it is winch outs, auto accidents, engine failure, or a flat tire, the team will do their utmost to promptly sort out the problem. One of their other useful services offered includes the lock-out service. Mayer states, "When someone has locked their keys inside the vehicle or lost them, they can get really stressed and upset. It can turn a routine trip into a nightmare, and the risk of damaging the vehicle further is very real. This can include damage to their security system. Fortunately, we can safely unlock your car and make sure no damage is done to it.?"

The company can help with jump starting a car as well if it has a flat battery. Motorists may not carry jumper cables, or may have no other vehicle they can access to jump start it with. They can call upon Murray's Towing for help if they are in this area: <http://gmbp.in/u/5ddbf35263b9f>.

To ensure that excellent service is provided, Murray's Towing trains their team of technicians so that they are best able to maintain the company's high standards of service when they respond to any of the many kinds of breakdowns and wrecks that occur on Texas's roads and highways. 15 years of experience in the business has taught them the importance of being able to assure people they are in good hands, and they are pleased to affirm that their services are quite affordable as well.

Mayer adds, "When vehicles break down, stranded motorists can feel vulnerable. They want to feel that they can trust the recovery service who answers their call. Our swift professional approach is part of the service that people often comment is important to them.?"

Murray's Towing will turn out at any hour of the day or night. They are open 24 hours a day, 7 days a week. They can be contacted by phone or via email. The prices are clearly listed, along with discounts or ongoing offers.

The company has a fleet of vehicles to cover Texas, and their trucks are backed by the most up-to-date mechanical systems that can tow any car safely onward to a safe destination.

Motorists stranded on highways or other state roads, in need of emergency or after hours services, may contact the company to swiftly receive aid. The company's emergency response phone is manned at all

hours and it is always answered quickly. This means that a truck can be dispatched within minutes to those in need.

Interested parties are invited to contact Anthony Mayer directly for further details. More information can be found at the following link as well: <http://gmbp.in/u/5ddbf32db7171>.
