

Renew Anchored Dentures Congratulates Doctor Honored for Excellence in Dentistry

November 26, 2019

November 26, 2019 -

Kansas City area Renew dentist ranked "Top Doc" two years in a row.

Renew Anchored Dentures is proud to announce that Jessica Ellis, DDS, a Renew doctor in our Overland Park, KS Center, has just been named one of Kansas City's "Top Doctors" by Findatopdoc.com. The website ranks Top Doctors across the United States using reviews from practitioner's patients to determine local medical and dental top providers.

"Renew is pleased that Dr. Ellis is receiving this much-deserved recognition from her patients for the second year in a row," says Peter Abruzzo, President, Renew Anchored Dentures. He adds, "Renew strives for Clinical excellence and Dr. Ellis is just one example of the caliber of the Renew Doctor team."

Dr. Ellis is homegrown. She graduated from the University of Missouri-Kansas City School of Dentistry with her Doctor of Dental Surgery degree. She has experience in general dentistry and now focuses primarily on removable prosthetics and oral surgery. Dr. Ellis is a member of several dental organizations including the American Dental Association, the Missouri Dental Association and the Academy of General Dentistry.

Dr. Ellis is humbled by the honor. Ellis says, "To be recognized by my patients makes the accolade so much more special! I wake up every morning grateful for the opportunity to serve my patients and excited to help change my patients lives for the better."

Headquartered in Centennial, Colorado, Renew, LLC, was founded by Dr. Don Miloni, an industry veteran with more than three decades of experience and the founder of one of the nation's largest dental implant chains. Renew brings together doctors solely focused on providing people who have unstable dentures, or those suffering with missing and failing teeth, with advanced anchored denture treatments at an affordable price. The Renew anchored denture solution provides patients with a renewed sense of wellbeing, a renewed outlook on life and a renewed sense of confidence.

Renew's breakthrough system provides dental patients with everything they need for a new smile, all under one roof. This includes a lab technician on-site to custom fabricate a new smile the day of the procedure, to the clinicians who have decades of experience in delivering one-day dental implant anchored dentures.
