

SONDORS E-Bike Now Offering Gift Cards

November 26, 2019

November 26, 2019 - PRESSADVANTAGE -

The premium electric bike company makes it easy for people to give or send a gift of SONDORS.

Malibu, California- SONDORS, an electric bike company, is offering gift cards. The gift cards are available to use at their online site for products such as e-bikes, or their nearly 100 e-bike parts for sale.

SONDORS started in 2015, becoming one of the largest and most affordable, direct-to-consumer electric bike companies worldwide after an extremely successful crowdfunding campaign. Created by Storm Sondors, the SONDORS e-bike is engineered and designed in California, and most SONDORS are manufactured on a made-to-order basis with all SONDORS deliver directly to the customer.

With 75% of Americans driving to work every day, many commuters are opting for bikes as an alternative means of transportation. With bikes, maneuverability makes them a more convenient alternative, but sometimes the distance is a deterrent for using a standard bicycle. The electric bike meets this need. An electric motor on a bicycle makes for a less strenuous cycling experience. A folding e-bike is another convenient answer, making transportation an easy option for both work and pleasure. Storage of a folding bike for placement in the trunk of a car, closet or at the office adds to the convenience. Walking up the stairs with a folding bike is also less strenuous.

SONDORS offers both folding and non-folding e-bikes. For e-bikes that fold, it is a simple one-step to fold half its size. The folding mechanism allows the rider to convert the bike into a more portable package when not in use. SONDORS offers two folding e-bikes, the SONDORS Fold, and the SONDORS Fold X. The SONDORS Fold has a 350 watt motor and the SONDORS Fold X includes a 500W motor, 20 amp controller, and a range up to 40-60 miles with use of electric pedal assist.

SONDORS gift cards can be used for the upcoming holidays or year-round. They are available in \$50 or \$100 increments up to \$1000 and delivered by email. SONDORS gift cards have no additional processing fees.

There are over 40,000 SONDORS owners worldwide. SONDORS Electric Bike is based in Malibu, California. For more information on their e-bike, or to purchase a SONDORS gift card, please go to: <https://sondors.com/>

Please send media inquires to: media@sondors.com
