

## **Orthodontic & Cosmetic Dentist In Santa Ana Offers Free Exams And X-Rays For New Patients**

*December 09, 2019*

December 09, 2019 - PRESSADVANTAGE -

Pacific Dental Smiles, a dental care center based in Santa Ana, California, has announced that they are now offering free exams and X-Rays for new patients. With this announcement, the local practice continues their efforts to offer reliable and accessible dental care to the community, looking after their dental needs regardless of their financial situations.

Dr. Michael Danial, the lead dentist at Pacific Dental Smiles, states, "We are very proud to launch this free exam and x-ray initiative. We know that visiting the dentist can be daunting, both financially and emotionally, so we seek to ease at least one of our clients' concerns in this manner. It should encourage new patients to visit our practice and get the dental care that they have been neglecting for a long time, making a positive difference in their lives. We will see how things move forward from that point though we reassure patients that we can find an adequate solution to continue with their treatment, if it were necessary, at an accessible price."

This special offer is only available at Pacific Dental Smiles' Santa Ana office, and it is only for first-time patients who start their treatment the same day. They must also mention having seen the offer online at the

time of their appointment, though no further requirements are needed. The offer includes a free exam and free X-Rays (Excluding panoramic X-Rays). Under normal circumstances, these would have cost patients \$170. By removing this initial cost, the local office expects to draw the community's attention and lower the number of cases where proper dental care is neglected.

The Pacific Dental Smiles Orthodontic Services is well known in the Santa Ana community, as Dr. Danial has shown a great commitment to his patients since he opened the local practice. He maintains that his vision is to create a neighborhood dental office where every patient is treated like family, with the most caring and gentle approach. Dr. Danial states, "I strive to build an environment where patients can feel comfortable, safe, and well-cared for, leaving behind the old stigma of scary dental offices. The Pacific Dental Smiles atmosphere is inviting and relaxing as we seek to make our patients feel comfortable at all times."

Pacific Dental Smiles offers a broad variety of dental care services, specializing in Orthodontics and Cosmetic dentistry. Their orthodontic treatments are available for patients as young as 12 years old, and they state that ensuring that all of their patients' adult teeth develop fully is of the utmost importance. Some of the common issues that they correct with their orthodontic dentistry include gaps between teeth, alignment of teeth, straightening crooked teeth, speech or eating issues, and improper bite.

Pacific Dental Smiles in Santa Ana is also well known for its veneer services. Learn more here: [Pacific Dental Smiles Veneers](#).

The excellence of the dental care services that Pacific Dental Smiles offers is attested to in several of the company's reviews, as they possess an outstanding review rating of 5/5 Stars on Google. One of their most recent testimonials, written by Ryan Gary, states, "Great service. I had my tooth fixed here by Dr. Danial after a work injury. Everyone was very helpful and professional in answering all my questions. They were always available and willing to explain procedures, and they made me feel very comfortable. I just called in to book my dental cleaning as well. For everyone that is looking for a great dentist and professional staff, this is the place to go."

Another testimonial, written by Adriana G., says, "I have been coming here for the past 3 years now; I am very happy with their work. The staff are so nice and professional. They make me feel very comfortable, explaining all treatment and insurance benefits. All the work that I have done here is excellent. If you are looking for quality work and professionalism, this is the place to go."

Those in need of a reliable dentist in Santa Ana may reach out to Dr. Michael Danial and inquire about their Pacific Dental Smiles Cosmetic Dentistry services. The office's website also includes more information on

their free exam and X-Rays offer.
