Two Feathers VA, LLC based in South Boston, Virginia, has released its new Chief AJ Sling Bow Christmas bundles, giving shoppers an excellent gift option to consider getting for the enthusiast in their life. New owners will cherish the Sling Bow's high quality and performance, especially as it will serve them well in their journey as hunters or survivalists.

Tony Reaves, speaking on behalf of Two Feather VA, says, "Eight years ago, Chief AJ wanted a new challenge as he was tired of waiting in a tree stand with a bow and arrow. He was bored. Out of that grew the idea of our Sling Bow. Six years later, it became legal to hunt deer, turkey and small game in Virginia, everything except bear and elk. We are so excited that we have helped create a whole new wave of hunters who like to rely on their own skills, and have created four special Christmas bundles that are available to order directly from our website. In fact, we are also working on our own Amazon storefront so that everyone has an additional way to purchase. Please bear with us as we get that up to speed too."

A recent Facebook post on the company's page sums up the difference that their Sling Bow brings to the hunting experience. The post states that the user, "Finally got into the deer woods. Sure was nice listening to

the acorns falling and the beauty of the leaves, not to mention seeing deer. ?Sling Bow Power? is not about how far you can shoot but how close you can get. This one was 11 steps.?

There are four special bundles available for any hunting enthusiast. The popularity of Sling Bows is rising, possibly due to their low cost of entry?currently under \$250 as part of the company?s Christmas specials. The most difficult decision may be to decide which to choose. Any of them are a good choice, so it really is down to personal preferences. Through the website, they even offer Christmas wrapping, which helps ensure it will remain a surprise upon arrival. Learn more here: [Slingbow Popularity](#).

Christmas Special Number 2 comes with Tony?s Elite Sling Bow plus the new and improved fold-down arrow rest. It also comes with the customer?s choice of power bands and an extra set free along with the Quick Fire Archer?s Release. This package additionally includes Tony?s favorite Stabilizer, which screws into the handle of the Elite and helps reduce shock by up to 45%.

Their Christmas Special Number 3 is intended for North American Big Game and is great for hunters who like to stay on the move on horseback, ATVs or UTVs. It comes with the Elite Sling Bow, their Whisker Biscuit Arrow Rest and a Quick Fire Archer?s Release. Like the others, it comes with a choice of power banks and a free set.

The last Christmas Special, Number 4 provides the best value for money. It is perfect for those who love to hunt on the water and in the woods alike. There is no doubt that, as more people find out about the way the Sling Bow changes the hunting experience, its popularity will continue to grow. Through Two Feathers VA?s Facebook page alone, more people are finding out about their high-quality products, news, and announcements.
