

Lopatin Place Launching Program For Business Accelerator Services

December 16, 2019

December 16, 2019 - PRESSADVANTAGE -

Old Bridge, New Jersey based company Lopatin Place is pleased to announce that they are launching a brand new business accelerator program. Lopatin Place is a company that provides affordable office spaces for both startups and growing companies. More information about the company can be found at the following link: <https://lopatin-place.b-yy.net/lopatin-space>.

Business accelerators are meant to serve as programs that give developing companies access to a variety of services like mentorship, investors and other support that help them become stable, self-sufficient businesses. While there are certain similarities between accelerators and incubators, the key difference is in the stages of business they accept.

Lopatin Place's owner and founder, Jay Lopatin, says, "A lot of startups need a little help in their early years. In their first few months of operations, they're better off using business incubators, but after a certain time, they need the help of a business accelerator to lead them from their 'adolescence' to their 'adulthood'. We know this firsthand because we have worked with a number of different startups over the years. With the launch of Lopatin Place's Business Accelerator program, we're hoping to provide startups with an easily accessible tool for rapid-growth."

Lopatin continues, "You'll notice that in the past decade, the number of incubators and accelerators has dramatically increased. We have an advantage over most of the other companies that have accelerator programs, because we've been in the industry for a while now. We want to establish a program that any company can join and take advantage of, whilst still maintaining a level of quality in the mentors, guidance, resources, industry connections, and funding that we provide."

In addition to the launch of their new business accelerator program, Lopatin Place is known for their provision of high quality office spaces. Lopatin says, "Renting your very first workspace for your business can be very challenging. We offer several amenities to provide a comfortable experience that will deliver a wonderful new work environment." The amenities provided by Lopatin Place include 24/7 access, 4-page website creation

and hosting, unlimited phone calls within the United States, high speed internet access, fully furnished kitchenettes and more. All startups get access to Lopatin Place's meeting spaces and can use the company's address for business and marketing purposes. Furthermore, Lopatin Place also assures that there are no long term commitments.

There are more advantages to using our workspaces, of course, adds Lopatin. There are a number of different companies working out of Lopatin Space, including training centers, engineering companies, digital marketing companies and customer service centers. If you use one of our office spaces, you also get access to help and guidance from these other startups.

The services provided by Lopatin Place have earned the company great praise from their clients. On Facebook, the company has a perfect rating of 5 out of 5. In his review, Peter Siskin, a longtime client of Lopatin Place, shares his experiences with the company, We've been here a long time. It's clean, well-maintained and has security cameras (never needed them, but it's good to know that they are there).

In another review, which can be found on the company's website, Alexander Ricci of Moneywell Funding Inc says, I am a renter in 8998 Route 18 Old Bridge NJ 08857 and I have been renting at this location since early 2017. There are security cameras at different spots, a secured entrance, plenty of parking, and a very comfortable environment. I really like this place.

Dr. Salman Sheikh of the Baytul-Iman Academy, an award-winning academy which provides affordable education, praises the company and Jay Lopatin in his review, Good facilities, nice location, and best of all, a good and caring landlord.

Those who want to learn more about Lopatin Place and the various services they provide, can find more information on the company's website. Additionally, Lopatin Place also encourages interested parties to get in touch with Jay Lopatin directly via email, phone, or the form on the company's website. In addition to their official website, Lopatin Place also maintains a presence on Facebook where they frequently post updates, share information, and communicate with their clients. The company's Facebook page can be found at the following link: <https://www.facebook.com/LopatinPlace/>.
