Company Offering Plumber Services In Miami Celebrates 45 Years Of Service

August 11, 2015

August 11, 2015 -

Mr. Rooter Plumbing of Miami has recently celebrated 45 years in providing the plumbing Miami residents require. The company was founded by David Duck in 1970. Since then, the company has grown to include a number of franchises. Even after the company was purchased by the Dwyer Group in 1989, David Duck still maintains his original shop in Oklahoma City. Mr. Rooter now has locations throughout the nation, including one in Miami.

Scott Ward of Mr. Rooter Pluming of Miami says, "We hold our customers to the highest regard. Service is our number one priority, and our company's customer service is unmatched by any other company in the pluming industry. This is what has made the Mr. Rooter name such a household staple for the past 45 years."

Mr. Rooter offers Miami emergency plumbing services, including frozen pipes, for residential and commercial customers. Regular residential plumbing services include drain unclogging and cleaning, leaks, installations, system maintenance, and others. Commercial services include plumbing camera inspection, diagnostics, and checkups, among others.

The Miami plumbing company has a long list of satisfied customers, including Leonard L. He says, "We moved to Miami a few years ago from Texas. My wife and I were so pleased that there was a Mr. Rooter here. All of their offices are great and the Miami shop is so very helpful. They come right out every time we have an emergency, and always do the job right the first time."

The company has built its reputation on its wide range of services, offering solutions for every plumbing issue, from clogged drains to full mainline replacements. Customers also like the fact that Mr. Rooter never charges overtime fees and offers a quote upfront before services are provided, eliminating the worry of added costs and fees after the work is done.

Mr. Rooter Plumbing of Miami offers services throughout Coral Gables, Key Biscayne, Miami Beach, and Pinecrest, Florida. The company provides services to homes, apartments and condos, shopping malls and stores, gas stations, schools, airports, public buildings, nursing homes, and medical facilities. Those interested in learning more about Mr. Rooters plumbing in Miami, or need to schedule an appointment, can contact the company directly.
