

Higher Grade-Denver Recreational Dispensary Reveals New Menu and End-of-Year Specials

December 24, 2019

December 24, 2019 - PRESSADVANTAGE -

Denver, CO - Higher Grade, Denver's premier cannabis boutique dispensary, posted its new product menu and end-of-the-year specials on their Denver Recreational Dispensary website. This Colorado-based dispensary provides in-house, hand-staked, hand-watered, and hand-trimmed cannabis from an exclusive list of growers. In addition, the company carries a full selection of cartridges, extracts, concentrates, and edibles.

"We take pride in carrying the finest cannabis products available in Colorado," said Zach Klimko, a representative of the company. The company also owns two medical marijuana dispensaries in Denver, one in the Highlands and the other in Cherry Hills. "We've built a network of local growers to bring our customers the best selection and best quality products we can. We also get to know our customers well so that we can help them meet their specific needs, whether it's to help boost their creativity, give them more energy, or alleviate their stress."

At the Higher Grade Recreational Dispensary in downtown Denver, the menu of recreational use cannabis includes a full inventory of Indicas, Sativas, and Hybrids in a wide variety of strains and prices to choose from. For those looking for full-body relaxation, Klimko recommends their platinum shelf Indica, Larry OG (OG

Kush x SFV OG) or the silver shelf Banana Kush (Ghost OG x Skunk Haze). If it's an energizing effect the customer is interested in, the Higher Grade - Denver Colorado Recreational Dispensary offers several Sativa strains including Glass Slipper (Cinderella 99 x Pineapple 99), a silver shelf variety or one of their featured Sativa strains, Super Sour Lemon (Cali Sour x Lemon OG).

According to Klimko, "Every year our growers produce new strains using combinations of plants. We're happy to be able to offer our customers these new Hybrid strains that are created to have specific effects."

The Hybrids being offered by the dispensary have varying ratios of CBD to THC, with some being Indica-dominant, Sativa-dominant, or an equal balance of both plant types. Higher Grade offers a dozen different strains, with Hybrids being their most popular category. Some of the best-selling strains include Cheesel (Big Buddah Cheese x NYC Diesel), GSC (OG Kush x Durban Poison), Papya Punch (Purple Punch x Papya), and The Sauce (GG4 x Green Ribbon).

The company has fostered close relationships with its vendors throughout the years to bring what they consider to be "the best of the best." The culture of the company reflects its motto "Get Higher with Higher Grade" by employing educated bud-tenders, who take the time to learn their customer's specific needs and are capable of making recommendations.

During the month of December, Higher Grade Recreational Dispensary is offering its end-of-the-year specials. Every day of the week offers a different discount. On Mondays, customers get 25% off all edibles in the store. Tuesdays feature Vapes and Syringes 20% off, while Wednesday offers 1g Eureka Vape Carts at \$30. Customers get 20% off all Oilo products (excluding Sumo Jar) on Thursdays. Fridays feature 20% off all topicals and tinctures, while Saturday customers can expect 20% off pre-rolls. On Sunday there are 25% off solventless 1g products.

In addition to cannabis, Higher Grade Recreational Dispensary offers a variety of premium hash concentrates from trusted local companies such as Olio, Boulder Built, 710 Labs, and Lazercat. They also provide a range of premium vaping options, such as carts, pens, pads, and syringes. Higher Grade also carries one of the largest inventories of edibles in the area. Customers who enjoy ingesting cannabis can get gummies, lollipops, bar chocolate, taffy, and beverages in various flavors and strengths. For those who prefer topical usage, there is a full selection of tinctures and topicals including transdermal patches, creams, salves, and sprays.

Higher Grade Recreational Dispensary is located in the heart of downtown Denver. Interested parties can visit the store for its current strains by clicking this link,
