

New Brand Of Professional Keratin Hair Care Products Now Available On Amazon

December 23, 2019

December 23, 2019 -

Vitamins Hair Cosmetics, the boutique factory for high end cosmetics, has announced that they are now offering their professional keratin hair care products directly to consumers around the globe. The company, founded in 1943, manufactures a range of high end hair care products, many of which are still only available through boutique hairdressing salons all over the world.

Eyal Tamir, Business Development & Export Manager for Vitamins Hair Cosmetics, says, ?We are delighted to begin offering our products directly to those that have been using them for years under some of the most popular labels. Our products have been sold for years with great success to top hairdressing salons all over the world, as the leading paraben and sulfate free products available. We have been working for decades to develop personalized therapies for each hair type, and we were among the first to discover that different hair types require different treatments and solutions. As a result, we have stayed at the forefront in uncovering many of the most favored treatments available today.?

Through their Amazon storefront, Vitamins Hair Care have released several products from their keratin range in addition to their argan oil based range of high quality hair care products. Two of their recently released

keratin products have already received the Amazon?s Choice award for their category. These include the company?s Keratin hair mask for thin hair, a special formula that is perfect for dry or damaged hair and scalp, as well as their hair shampoo, which has a special repair moisturizer with Moroccan Argan Oil and Keratin.

Tamir continues, ?Our luxury hair wash is the daily essential hydration booster for all hair types, whether your mane is curly, straight, thick, thin or fine, it will help protect and boost your PH balance. Regardless of whether your hair is bleached, colored, color treated or retains its natural hue, you will find that our hair wash deeply moisturizes your hair, improving its texture as it hydrates. Even frizzy, dull hair will become more beautiful, healthy and silkier. We believe your hair deserves us?let us prove it to you.?

Their Keratin based hair shampoo already has over 75 positive reviews, including a verified purchase giving it top marks of 5 Stars in a review that says the customer found the product, ?Great for damaged hair. I have been using this product for a few months and it has made a big difference in my hair. Much healthier, more shiny. I also have had several compliments on my hair. Can?t go wrong with this product.?

Another recent 5 Star review by a verified customer says, ?Fantastic shampoo for dry, tangle prone hair. Love this shampoo. My hair is curly and very dry. No matter how moisturizing a shampoo is, my hair is always tangled and gnarly out of the shower. This shampoo makes it smooth and soft, and I don?t feel like I?m ripping each strand in half trying to comb through it. The conditioner is great too. Just love it!?

Their Keratin hair mask for thin hair, with its special formula for dry or damaged hair, is the best product to follow with after using their Keratin hair shampoo for both men and women. It currently comes with a special coupon which can be applied to each purchase, giving it even better value for new customers looking to try it out. Hundreds of complimentary reviews on Amazon provide evidence of the strength of Vitamins Hair Cosmetics? products.

Tamir states, ?Reading reviews like these makes our hard work all worthwhile. It shows that we took the right decision in making our products available to everyone. One of our most popular products, our hair serum for frizzy hair, provides the moisturizing hair protein therapy to rejuvenate shine as well as promote split end repair. We stand by our non-oily keratin hair serum, which provides the intensive nourishing hair protector everyone needs. It is the perfect hair cosmetic to add that extra sparkle for those special nights out every holiday season.?

Those who want to get their own set of Vitamins Hair Cosmetics products to look their best this season are urged to order as soon as possible from their Amazon storefront or through their own website to avoid disappointment due to high holiday demand. More information can be found on the company?s website as well.
