Salopek & Associates was founded in January 2006 out of their founders? vision for providing support in multiple areas, including human resources, strategy and board governance to organizations looking to grow and increase their general efficiency. Founded by Janet Salopek, the company has grown over the years as a result of the hard work Janet, her team and her family have put in. The company is committed to building strong relationships, maintaining the highest standards of integrity and showing expert knowledge and skill in the areas that they operate in. Salopek & Associates provides service in multiple locations across Canada with offices in Calgary, Ottawa, Toronto, Vancouver and Fort McMurray.

?We are a family business,? says Janet Salopek. ?In the early days, my daughters Amanda and Vanessa, both students at the Haskayne School of business at the time, helped me design our first logo and launch our first web-site. Amanda then joined our company in 2012 and brought with her a marketing and business expertise that elevated our company from a small local organization to a company that was nationally recognized for the work we do. Business needs changed in 2016 and John, my husband, joined as our Business Manager, which allowed me to focus on Consulting Services while he looked after all other aspects of the business. Our business evolved again in early 2018 when Vanessa, my youngest daughter, joined the team to lead the marketing division. I feel so fortunate to be able to work and do business with my family!?

The company takes great pride in the team of highly skilled and experienced professionals it has built. Many of the consultants currently employed at Salopek have been with the company since its inception. They have built strong long term relationships with many of the company?s clients as well as with the company itself.
