December 13, 2019 -

Jack Buys Austin Houses, based in Austin, Texas, has announced that they have recently published a blog post indicating that they are ready to buy houses in Austin and surrounding areas with tenants living in them. Homeowners and property owners in Austin would be able to get cash for their house in ?as is? condition. As such, the buying process has been designed to help those who are eager to sell their house because it will likely only take a week. Also, there would be no need for the seller to spend money on cleaning and repair.

Deylia Rady, the managing partner for Jack Buys Austin Houses, says, ?If you are in possession of a house in Austin that for some reason you are eager to sell, then contact us because we are ready to buy your house in any condition.? She continues, ?It may be that you have acquired property as a result of a member of the family's passing, an unpleasant divorce, a bankruptcy, or any other reason. Don?t worry because we will buy your home in as-is condition.?

According to Deylia, their process was developed to be simple and easy to relieve the stress that a traditional home sale brings. The company's transparency and response times set it apart from other cash home buyers. They pay cash for the house so that the homeowners can move on as quickly as they want to the

next phase of their life. It should be noted that they had previously issued a press release indicating that they are buying houses in Austin, Texas. This release can be read at https://www.pressadvantage.com/story/32644-local-property-investment-firm-announces-we-buy-houses-in-austin-fast.

Currently, Jack Buys Austin Houses is ready to buy houses for cash in the Austin metro including; East Austin, Southwest Austin, Central Austin, Northwest Austin, Bastrop, Buda, Cedar Park, Elgin, Hutto, Jarrell, Kyle, Lago Vista, Lakeway, Leander, Liberty Hill, Manor, Pflugerville, and Round Rock.

Deylia Rady wants to stress that because they are buying houses with cash, they would be able to close quickly as desired by the seller. There would be no need to wait for a long time for the bank to approve the provision of financial assistance for the purchase of the house. In a number of cases, they were able to close in just seven days.

Jack Buys Austin Houses is willing to buy even if the house requires minor or major repairs, or if it has not been updated in 30 years. They would still provide a cash offer for the property and the seller need not spend anything when selling the house. Sellers get to keep all of the cash that is offered and Jack Buys Austin Houses will handle the repairs and whatever needs to be done.

And because there would be no real estate agent, the seller will no need to pay any commissions or fees, unlike when selling the house the traditional way with the help of a real estate agent. Also, there would be no need to have an ?open house,? allowing strangers to roam around the house. And there would be no waiting for the bank to provide its approval.

The actual process of selling a house to Jack Buys Austin Houses can be done in three simple steps. For the first step, the homeowner contacts them either by phone or by filling out an online form. In the second step, a representative from the company will visit the house or property. The company will then make a cash offer and at this point in time, the homeowners may want to ask the representative any questions they would like to ask. Also, the homeowners can either accept or reject the offer. And the last step to take would be the closing, which will only take a few days rather than months. The company uses the closing services of a local reputable title firm in the Austin area.
