

Village Park Homes Offers 1.99% Financing Till the End of the Year

December 13, 2019

December 13, 2019 -

Bluffton, SC - An impressive selection of quick close homes in Hilton Head and Bluffton, South Carolina are eligible for 1.99% financing until December 31, 2019, as seen in LowCountry Home Magazine.

?For those looking to make a new home purchase, Village Park Homes has partnered with Jet Home Loans to offer as low as 1.99% financing for eligible buyers for the first year on all showcase homes that can close by December 31, 2019. Village Park Homes currently has an impressive assortment of quick close homes eligible for the 1.99% financing offer. Prices range from the low $200s to the upper $600s and include new construction on both Hilton Head and in Bluffton communities,? the Home Magazine Publisher in Bluffton, SC shared the good news on their website.

Village Park Home is regarded as the area?s top local builder. In fact, they have a wide range of award-winning homes for new homebuyers, move-up buyers looking for a bigger house, as well as empty-nesters searching for a smaller yet luxurious space.

The company has developed multiple communities over the years. In Hilton Head, they have three-story houses in Allenwood, luxury lifestyle beach-oriented homes in Sandcastles by the Sea, mid $300s single-family homes in The Estuary, and $400s single-family homes in the new community at Broad Creek called The Marshes.

Likewise, they have communities in Bluffton, namely Avondale from the $300s and Cambridge from the $400s. There?s also Alston Park, which offers new homes from the $200s. All of which are in the final phase of construction.

Because of the high demand, Village Park Homes will continually be launching new developments. There are brand new single-family homes from the $190s in Magnolia Walk at Hilton Head Lakes. This is considered the best value in a new construction that one can find in this area. In addition, there are two more single-family home developments launching soon?The Retreat at Grande Oaks and New River Forest.

LowCountry Home Magazine encourages readers to take the plunge: ?With so many new developments launching and 2019 coming to an end, homebuilders are eager to reduce their current inventory of showcase homes, meaning this may be the very best time of the year to make that new home purchase you?ve been thinking about. The economy is healthier than at any time in decades, especially based on unemployment numbers. Incomes are up. Inflation is down. Interest rates are low.?
