The hotel has seen hundreds of guests walk through its doors over the years and many of them have left great reviews on Trip Advisor and Google Maps. One 5-Star review on TripAdvisor praises the hotel and the great service offered by its staff, stating, ?The location of this place is awesome?right by the water and a quick walk to pretty much anywhere in town. Our room was comfortable and we had an amazing view of the harbor? there is a Sambo?s right down the street that is delicious. Or, you can go to Brophy Bro?s, an amazing seafood place. However, the highlight of our stay was the man at the front desk, Jay. He was so friendly and gave us so many suggestions of places to go. Jay is the best! Seriously, ask for Jay if you have any questions.?

Another 5-Star review on the same platform comes from a group that stayed at the hotel while they were in town for a memorial service. The guests had this to say about Beachside Inn, ?We stayed at Beachside Inn for my cousin?s memorial this last weekend. The rooms were clean and ready when we arrived. The location is amazing! The staff were super helpful and accommodated every request. We had a large group gathering in the breakfast area the first night, which was amazing. We would definitely stay there again, and highly recommend it.?
