SAN DIEGO, Calif. ? ContractorBondQuote.com, a division of Pacific United Insurance, announced today that it is now offering general liability insurance for California contractors. After three years of service as a respected supplier of California Contractor Bonds, the company made the decision to add general liability to its product offerings based on strong customer demand. ContractorBondQuote.com is poised to offer competitive pricing by leveraging competition amongst more than 50 general liability insurance carriers. Premium payments are projected to be as low as \$45 per month for many policies.

?Competition is definitely your friend when it comes to getting good rates on solid general liability insurance,? said Michael Benoit, President of ContractorBondQuote.com?s parent company, Pacific United Insurance. ?We?re like matchmakers. We find you a good deal for general liability that?s going to give you the coverage you need for your unique contracting business,? said Patricia Mosteller, President. The agency only works with A- or better rated carriers.

ContractorBondQuote.com has enjoyed success and growth by delivering a combination of economical but high quality insurance products along with highly-praised customer service. The agency has a strict internal

policy, for example, of always issuing certificates of insurance on a same-day basis. ?We hear countless complaints from contractors who are unhappy with the level of service from their current agency, Benoit added. ?When you're on a schedule and a tight budget ? and what contractor isn't ? you can't afford to wait for these kinds of services.?

Pacific United Insurance also offers Contractor Workers Comp and Contractor Commercial Auto. As an example of how the agency offers value in insurance for clients, a caulking contractor in San Diego, CA with 3 employees and a \$50,000 payroll pays \$4,785 per year.

Pacific United was founded by Michael Benoit and Patricia Mosteller. Benoit is from Monterey Bay, California and graduated with his Bachelor's Degree in Business Administration from Sacramento State. Mosteller grew up in the Queen City, where she earned her Bachelor's Degree in Business Administration from the University of Cincinnati.
