

Honolulu Plastic Surgery Center Specializes In Breast Augmentation Procedure

December 31, 2019

December 31, 2019 - PRESSADVANTAGE -

Hawaii based Honolulu Plastic Surgery is proud to announce that they are one of the very few plastic surgery centers on the island that specializes in breast augmentation and other cosmetic enhancement surgeries. The Honolulu plastic surgery center boasts modern facilities and state of the art medical equipment as well as a team of highly-skilled medical professionals who are headed by Dr. Randy Wong.

Dr. Wong has over 30 years of professional experience in the field of cosmetic and plastic surgery. He previously served as the Director of Microsurgery and Replantation Services at Hershey Medical Center, Penn State University Hospital. Upon returning home to Honolulu in the 90s, Dr. Wong began practicing plastic surgery to help his clients not only feel good about themselves but also achieve harmony in mind, body, and spirit. In fact, he has been ranked among the best doctors in Honolulu in two different categories, plastic surgery and hand surgery. He allows people to change the body imperfections that they have, which gives them a renewed sense of hope and confidence.

As noted on the center's website at <http://honoluluplasticsurgerycenter.com/>, the team of plastic surgeons at Honolulu Plastic Surgery Center are highly skilled in performing cosmetic enhancement procedures, though

their primary focus is breast augmentation. Dr. Wong and his team are able to offer their aid to women who wish to resize and reshape their breasts, making them bigger, smaller, and more symmetrical. Patients can get to choose the cup size they desire based on their own personal requirements but Dr. Wong and his team also offer professional advice in choosing the most appropriate cup size that is suitable for the patient's needs and lifestyle.

Meanwhile, thanks to the techniques and procedures that Dr. Wong and his team perform during breast augmentation surgeries, the patient's recovery time may also be significantly reduced. They have the skills to place and shape the breasts in a way that is not only aesthetically pleasing but also causes very little disruption in the human body.

"A large percentage of women are unsatisfied with the size and shape of their breasts, which usually leads to self-esteem issues that can lead to depression and an overall withdrawal from social situations," says Dr. Wong. He asserts that the surgical team at Honolulu Plastic Surgery Center aims to provide safe and modern surgical procedures to help women get the ideal body they want and bring back the confidence in their everyday lives.

Dr. Wong also states that undergoing a breast augmentation can empower women to present themselves better to the people around them. He holds the view that such procedures not only enhance a woman's physical appearance but also helps improve their emotional, mental, and psychological well-being. In addition to breast augmentation surgeries, Honolulu Plastic Surgery Center specializes in performing a wide range of other cosmetic enhancement procedures, including eyelid surgery, fat injections, liposuction, and more.

Honolulu Plastic Surgery Center is one of the most trusted surgical centers in Hawaii, based on a number of positive reviews and recommendations they have received from many of their previous patients. Mandy Horst, in a glowing Facebook recommendation, says, "Dr. Wong is the most amazing surgeon in the planet. He is compassionate, knowledgeable, aesthetically in-tuned, and conscientious man of great integrity. He truly listens to what you need and does everything within his power to achieve the look that you want. He has the best bedside manner and is a genius artist and a master of his craft."

Another satisfied patient says on realself.com that, "My experience with Dr. Wong and his staff exceeded my expectations. I felt a sense of calm and healed wonderfully. The entire staff was very kind and displayed a great deal of priority for myself and the success of my procedure. Doctor Wong and his staff have made me look and feel beautiful from the inside out. I am very grateful for my experience with Honolulu Plastic Surgery Center. I would recommend everyone considering or planning on cosmetic surgery to consult Dr. Wong."

Complete details can be found on the center's official website. Alternatively, those who are looking for the best Honolulu breast augmentation options and other cosmetic enhancement procedures may send an email or call the center's hotline to schedule an appointment for a consultation. Furthermore, interested parties may connect with Honolulu Plastic Surgery Center through their official social media pages to stay up to date with their latest news and important announcements.
