December 18, 2019 - PRESSADVANTAGE -

Local property flipping company Jersey Shore Cash Home Buyers <https://www.jerseyshorecashhomebuyers.com> has recently announced that the company will pay cash for houses fast in Egg Harbor Township, NJ and all surrounding areas in Atlantic County. The company has recently expanded its house flipping operations from Mays Landing, New Jersey to reach a much wider proximity that includes all major towns and cities in and around the Jersey Shore. The investment company has been in business for around four years and the owner and CEO, Brian Rudderow has flipped several properties around the South Jersey area and is now looking to expand their reach.

Homeowners seeking to sell a house fast in South Jersey should contact Jersey Shore Cash Home Buyers directly at (609) 400-1756 to receive a free quote on their home and find out exactly how much cash they will receive by speaking to one of the sales reps directly. Investment companies like Jersey Shore Cash Home Buyers buy properties in as-is condition without the owner having to invest any of their own time or money into the property to get it up to full market value so it can then be sold on the open market with a licensed real

estate agent. Listing with a realtor is not always a good fit for sellers, especially if there are extenuating circumstances that are motivating them to sell sooner rather than later.

Some of the most common problems that investors can help with are foreclosure, divorce, job relocation, bad tenants, squatters, extensive repairs, fire damage, mold damage, back taxes, liens, inherited homes, and other similar situations where the homeowner needs to sell the property fast and doesn't have time to wait around while the sale is delayed like with a traditional real estate listing. Selling a South Jersey home on the MLS with an agent takes time, and sellers who are dealing with these unfortunate life circumstances don't have the time to wait because their situation is unfolding now and they really need to sell without any further delays or deliberation.

People looking to sell their Jersey Shore homes fast in and around these major points of South Jersey should contact Jersey Shore Cash Home Buyers on Google Maps at <https://google.com/maps?cid=9550845809264191389> to receive a free quote on their property without any further delays or hesitation. Realtors will oftentimes force a homeowner to make several repairs to a property before it can finally be listed and sold on the open market, and even then the home still has to be shown to prospective buyers and the financing must be properly secured. With a cash home buyer, the homeowner is able to go directly to the source and sell their house without any further headaches or hassles. This is the reason that selling South Jersey homes to investors has recently exploded in popularity all across the state.
