PutskA Holds Competition For Different Usages Of Diaper Caddy

January 06, 2020

January 06, 2020 -
Putska, a baby/children?s goods manufacturer, is holding a competition to figure out the best alternative uses for diaper caddies. Visit PutskA online at their website and other resources to learn more.

The competition is centered around discovering unique and creative new uses for diaper caddies, and parents are encouraged to share their best ideas on the subject. Those who have suggestions and wish to enter the competition can submit their ideas to PutskA by messaging the company on their Facebook page or sending an email. The winner will be selected based on what PutskA thinks is the most unique idea and will receive a prize of Putksa?s Diaper Caddy set, which includes two pacifier clips and two drool bibs.

Lily Nathan, founder and representative of PutskA, says, ?As a baby goods manufacturer, we?re always looking for ways to provide more value to our customers because we know how hard it is to be a parent, especially when your child is very young. We created the diaper caddy to provide a convenient way for parents to keep all the baby essentials, but we know that parents can get quite creative and they may be using our product in more innovative ways than we could have ever thought of. This competition is a chance for creative parents to show off their ideas and stand a chance of winning one of our diaper caddy sets, with a neat bonus!?

The company?s diaper caddy is designed to suit parents and their babies in the best possible way. The 15x9x7?? caddy is larger than most other similar products in the market, allowing parents to easily store all baby essentials. It also has deep and wide side pockets that provide further space. The diaper caddy features a unique strong ?T divider? that is securely attached to the sides and the bottom, with reinforced Velcro that keeps each compartment sturdy. PutskA asserts that the caddy is made of eco-friendly felt, which makes it perfectly safe for babies in addition to being very strong and durable. It also has a protective ribbon around the sharp edges for safety. In the event of dissatisfaction with the product or any faults, the company promises a full refund or a free replacement. Interested parties may buy the PutskA Diaper Caddy on

Amazon.

PutskA?s diaper caddies have earned the company a lot of praise from parents. The Putska Baby Diaper Caddy Organizer set with 2 Pacifier Clips and 2 Bibs has a 4.8/5 stars rating on Amazon (from over 500 reviews). In a recent review, an Amazon customer says they were, ?Pleasantly surprised. I was expecting something cheap looking and feeling for the cost compared to some other diaper caddies but this one exceeded my expectations. We bought this to store everyday items so we can remove changing table from main living area. There is ample room for everything we need it for, plus some.?

They continue, ?This would be a very handy caddy to take with you on a trip or in a vehicle as it could be used for multiple things. Inside and outside pockets are very spacious and caddy seems to be well constructed and thick. The added bibs and pacifier clips are surprisingly not cheap feeling either. Was expecting some rough, cheap like material since they were ?added bonuses? but they are of good quality as well.?

Another Amazon review says, ?Prior to this purchase, I was using a shower caddy for my baby's items, which we keep in the living room. It was always disorganized, bulging, and looked out of place. This solved all those problems and more. There are so many pockets around the exterior and three large sections on the interior. We have her toys in one, pacifiers and lotion in another, and burp cloths, bibs, and wipes in the third. If we wanted, there is plenty of room for diapers and cream. The color is a light gray and the fabric is sturdy. I highly recommend this to any parent who wants to be more organized.?
