Lily Nathan, who co-founded PutskA when her second baby was born, says, ?We are delighted to make environmentally-friendly, organic and non-toxic products that will suit every baby. We knew exactly what we needed as well as what little ones like and, by making them available to everyone, we know their features will make a big difference in many families? lives. We have found that our pacifiers and our bandana drool bibs are fast becoming one of the most popular combinations of gifts people love to give. Getting feedback from our customers makes us want to work even harder to make even better products. If you have a problem, just message us and we?ll take care of it.?

A recent Amazon review gave the pacifiers top marks, saying, ?I love these. So cute and gender neutral. We have pacifiers with these permanently stuck to our car seats and his swing so we don?t have to worry about him throwing the pacifier, and he has learned to pull on it to find the pacifier when he wants it so it?s great for them too.?

Another verified customer says, ?I love these types of clips, much better than the metal ones. I use them for everything: pacifier, stuffed animals, snack cups, etc.? This review highlights the fact that the pacifiers are BPA, PCV, Lead, Phthalate and Methal free. They also come with a 3-year guarantee.

Along with the company?s other products, customers may shop for PutskA pacifier clips on Amazon. They

can be delivered worldwide and are available for Prime deliveries in the US. Their Baby Diaper Caddy Organizer has already earned the prestigious Amazon?s Choice designation, coming with two of their Pacifier Clips and two Bibs. The family-oriented company is dedicated to producing baby and toddler essentials in a must-have stylish vein that is both modern and practical. The company ensures that all their products are safe for the whole family and are made without compromise. Their bandana style bibs, which are made from 100% organic cotton, are a perfect example of that commitment. They are highly absorbent, fluffy and feature first-class stitching and fleece backing to help keep a baby?s clothes protected and dry. They are also hypoallergenic, making them the perfect gift for babies who have sensitive skin.

Nathan concludes, ?We at PutskA know what it takes to be parents and have made it our mission to take the hassle out of baby essentials. We hope you like the stylish, neutral and contemporary designs. We simply want to give more parents hassle free time so they have more opportunities to focus on the far more important things?their children.?
