

Fig Tree Capital Ventures Launches Dallas Fort Worth RealEstate Investment Opportunity

August 12, 2015

August 12, 2015 - PRESSADVANTAGE -

Fig Tree Capital Ventures, LLC has recently announced the launch of a real estate investment opportunity in the Dallas/Fort Worth area. The Texas-based company offers direct participation investments in areas of real estate, energy, and technology.

The North Texas economy has experienced a significant growth surge over the past few years, with three of the top 10 fastest growing cities in the United States stemming from this region. This makes the area an attractive option for real estate investors who are seeking a competitive ROI.

North Texas is expected to continue its growth, seeing a one to two million people population spike by the year 2020. With a population already over six million, and a lack of physical boundaries and abundance of space, this region is prime for further development.

Fig Tree Capital Ventures CEO, Ryan Wright, released a statement about the new project saying that, "One of the strategic keys to the FIG Real Estate Acquisition Fund is our buying process and the no debt approach. We are able to secure rentals and fix and flip properties well below market, and our all cash offers generally take precedence over buyers using financing."

The company offers a no hassle approach that provides qualified investors with education about local markets, location and security of investment properties from their network of wholesale sources, and the creation of a passive cash flow stream through diversified property portfolios.

Richard Main, President of Fig Tree Capital Ventures, stated that the project structure, "will continue our company's history of creating common sense programs that have the ability to generate cash flow and asset appreciation to our investors. Fortunately for us and our partners, the hottest market in the country just happens to be our own backyard."

FIG Tree Capital Ventures, LLC, found online at <http://www.figtreecapitalventures.com> is a privately held

venture capital firm based in McKinney, Texas, with a primary focus on offering direct investment projects in energy, real estate, and technology that have the ability to create cash flow, tax benefits, and asset appreciation. Interested investors can contact the company directly, or view more information about the project at <https://www.youtube.com/channel/UCMZ4sUUmA8iyDyliB3pQqAg>.
