Many testimonials can be read on their website, Google and other dedicated review platforms. One of their most recent reviews is from Stacey Leach. In her highly positive Google review, she says, ?I wanted to give a shout out to Ms Genny! She was awesome! She took great care of all my precious kitties and sent me daily texts letting me know that they were all ok, and that they were starting to warm up to her. That in itself is a huge thing! When I came back from the trip to CA, I walked in; the house was clean, the cats were like so chill. That told me that they were well cared for, as they were not freaked out or upset or anything.? She continues, ?I will also be recommending your services to the guests here at our hotel that are in need of pet sitters, walkers, etc. (We allow pets here in our property) Thank you, again, for being such an upstanding, quality company. Your employees reflect your business and, I must say, color me impressed!?
