

## SeboCalm Launches Face Wash For Sensitive Skin on Amazon

*January 10, 2020*

January 10, 2020 - PRESSADVANTAGE -

SeboCalm, based in Or Yehuda, Israel, has announced that they have released on Amazon the SeboCalm sensitive skin face soap, an improved face wash for sensitive skin. This is a non oily, rich, facial cleansing soap that can remove dirt and decrease blemishes without skin irritation. It is a water based daily repair face wash for intense skin health and balance. It provides soothing relief therapy that is recommended by dermatologists. This has been found to prevent acne breakouts and skin control, and that it is best for irritated, itchy, oil, dry, or combination skin prone to acne, blackheads, pimples, rosacea, redness, eczema, and dermatitis.

The SeboCalm sensitive skin face soap was subjected to sensitivity test on July 15, 2012 at The Institute for Skin Research in Israel, under the direction of Prof. Sarah Brenner, Director and Specialist in Dermatology. It also underwent a hypoallergenic test on August 22, 2012, also at The Institute for Skin Research under the direction of Prof. Sarah Brenner. The tests showed that the SeboCalm Sensitive Skin Face Soap is compatible for all skin types. Also, it is capable of reducing the red, sensitive, irritated and itchy skin symptoms. Furthermore, it can provide deep cleansing without causing the skin to become irritated and feeling dry, and it can soothe sensitive red skin. They also found that this skin face soap felt gentle,

lightweight, calming and non-oily. And finally, it was found to be hypoallergenic and vegan & cruelty free. It is appropriate for men and women of all ages.

SeboCalm was founded by two pharmacists in 1990 who owned a pharmacy and realized the need for products for people with irritated, sensitive, and red skin. The company was able to develop a wide range of cosmetic products for different kinds of skin conditions. SeboCalm products are always produced under strict laboratory conditions.

Another product from SeboCalm that can complement the SeboCalm Sensitive Skin Face Soap is the SeboCalm Pore Minimizer face toner for sensitive skin. This is a vegan hypoallergenic exfoliating water based skin toner for face and neck. This product has also been dermatologically and clinically tested and proven to be free from alcohol, sulfates, and parabens. It has been found to be suitable for redness, eczema, blackheads, dryness, rosacea, blemish, acne, and pimples. It can exfoliate and shrink pores for sebum control. It is designed for everyday use before using a moisturizer and putting makeup in order to achieve the best hydrating effect, beauty, radiance, and vital glow.

Meanwhile, the SeboCalm Sensitive Skin Face Soap has ingredients from a unique combination of plants. These ingredients are the concentrated chamomile extract, seaweed, cornmeal and coconut. The chamomile extract soothes and relieves sensitive and red skin. Seaweed is for conditioning the skin and preserving its elasticity. Cornmeal and coconut are skin-friendly ingredients for gentle and effective cleansing without leaving the skin feeling dry and irritated.

Those who have already tried the SeboCalm Sensitive Skin Face Soap have provided highly positive reviews. For instance, Marsha K.N. gave the product a five star rating and said, "So, today was my fifth day of using this face wash and I am extremely happy with it! I find that it has a nice, light fragrance. The thing I loved the most about it is that it doesn't dry your skin out at all! The first day I was pleasantly surprised, but found as I used it each day the result was the same - no tight, dry feeling! I would definitely recommend this cleanser to anyone with any type of sensitive skin."

Another product that complements the SeboCalm Sensitive Skin Face Soap is the SeboCalm facial moisturizer for sensitive skin. It is a mattifying vegan moisturizer that is hypoallergenic, soothing, anti-itch cream for oil, sensitive and combination facial or neck skin. It is an extremely calming moisturizer, especially for oily, combination, and normal to dry face skin. It has been shown to minimize the symptoms of rosacea, seborrheic dermatitis, or acne.

Those who are interested in learning more about the products from SeboCalm can visit their Amazon store or contact them on the phone or through email.
