

Custom Label Printing Provider Expands Production

January 08, 2020

Arapahoe, Colorado - January 08, 2020 - PRESSADVANTAGE -

Englewood, Colorado based Primeflex Labels Inc. is pleased to announce that they are expanding their production with new extended printing equipment. The company provides a variety of unique printing solutions across the United States.

Michael Martin, a representative for Primeflex Labels Inc., says, "If you're looking for labels, flexible packaging, or any other printed materials, we can assure you that Primeflex is the right place for you. Now, with our new printing equipment capable of supporting an expanded production capacity, we're readier than ever to help you with any and all of your printing needs."

"Our labels and packaging combine both art and science to give your brand the extra boost it needs in front of your customers," says Martin. "We fix products of all shapes, sizes, and materials with labels that are cold-proof, heat-proof, waterproof, and life-proof. Our earth-friendly techniques give your product a clean, quality finish that will also reduce your environmental footprint. We partner with you to find the most cost-effective solution, giving you the flexibility to think outside the box about your package design by adding seasonal embellishments, additional versions, or promotions to your product." The company provides a variety of label printing services, including digital printing, flexographic printing, flexible films and packettes, peek and reveal extended content, and more.

"Primeflex is the best printing solution for you because we listen, communicate, and collaborate," asserts Martin. "If you have a unique product label challenge or require high quality printing on flexible packaging and wrappers, no other company has the capacity to help you like we can. We will be your unique solutions partner no matter what your supply chain challenge is. We want you to have the ideal printed label or flexible package solution and have the problem-solving approach to get the job done. Many new businesses and companies with new products often partner with us early to ensure that product design is done right the first time. This also helps avoid the need for any costly custom redesigns."

Primeflex's services have earned them glowing praises from their customers. The company has a rating of 4.7 out of 5 Stars on the Google platform. A recent 5-Star review by Jeanette Ryan says, "We own a

business that requires very specific specialty labels. We had been using a different label company previously and were incredible disappointed.?

The reviews continues, ?My husband did a lot of research hoping to find a great replacement that would do their best to meet our high standards as well as our deadline. We are so happy to have found Primeflex Labels and I can't tell you how thrilled I am we had Ali helping us. She knew we'd had a bad experience with the other company so she went above and beyond to make us happy and get our labels done to our satisfaction and in a timely manner. The end results were amazing! They are organized, professional, articulate, and gave us unparalleled customer service. We will always recommend them and we will never use anyone else for our business. If you want a higher standard, this is your label company. Thank you, Ali! You are the best!?

In another review, Reilly Lamarche says, ?Primeflex does best-in-class work and has some of the best customer service I've ever experienced. I work with Ali and she responds lighting fast and helps me troubleshoot to get the best product for my needs. It is honestly a pleasure to do business with Primeflex. I wish all of my vendors had the same level of commitment to helping my business perform. I literally cannot say enough good things about this team.?
