January 15, 2020 - PRESSADVANTAGE -

Big Car Title Loans San Diego, a financial aid agency based out of San Diego, California, is reaching out to the wider community to raise awareness of local residents who are facing daily challenges. More information about the company and the variety of services they provide can be found at the following link: <https://bigcartitleloanssandiego.com>.

A representative for Big Car Title Loans San Diego says, "The country is seeing an economic downturn and a lot of people are being directly affected by this. Everything is more expensive now. From basic necessities to housing, people are paying more money for less quality and quantity. It's a sad situation to see."

According to statistics shared by the company, the median price for a single-family home in California has jumped 6% from 2018 October to 2019 October. California's median home price was already quite high, at \$605,280, which is more than double the US median, according to the California Association of Realtors.

"The newest surge in home prices can at least be explained. It is the consequence of an ongoing disconnect between supply and demand," says Big Car Title Loans San Diego. "While low interest rates will actually reduce borrowing costs for buyers and may even seem to be a solution to the affordability concerns, the wider issue—the lack of new housing construction for sale or rent—will remain. As time goes on, it will worsen the affordability crisis." The financial aid agency's concerns about housing availability are valid, given that the supply of homes for sale (measured as the amount of time it would take to sell off existing stock) shrank to 3 months from around 3.6 months.

The agency says, "In times like this, when everyone is suffering, they need a little help. Usually, monetary help. Big Car Title Loans San Diego is here to provide that help. We understand that sometimes, no matter how hard you try to avoid it, a financial emergency may arise. If you're facing such trouble, regardless of whether you have poor credit or no credit, been through a foreclosure or bankruptcy, or so on, we guarantee

you that can help you get the money you need. With us, you can get financial aid using the equity in your vehicle.?

Since the company uses a vehicle's title as collateral to secure the financial aid, credit is not as large an issue as it would be with other types of financial advances. The company asserts that they can often get their clients the money they need within 24 hours of when they apply and, more often than not, within a few hours. The services provided by Big Car Title Loans San Diego have earned them unilateral praise from their clients. On Google, the financial aid agency has a perfect rating of 5 out of 5 Stars. In a recent review, G.Preston says, "I had a wonderful experience working with this company, and they answered the questions I had promptly and took the time to answer them appropriately. I am very grateful for the opportunity and patience they showed me."

Meanwhile, in another review, E. Thookinieng says, "I don't tend to apply for financial aid of any kind but needed some extra money and didn't have any other options. Applied for a vehicle title financial aid at this San Diego lender and they were able to get me over \$6,000. While it's more than I needed, I won't complain. The customer service was great and their rates are pretty good too. Definitely worth calling to see what you could get."
