

TantrumSprayTans.com Announces Delray Beach Mobile Spray Tan Services

August 11, 2015

August 11, 2015 - PRESSADVANTAGE -

TantrumSprayTans.com is now offering its premier Mobile Spray Tan services to the residents of Delray Beach, FL and the surrounding area. The company specializes in helping its customers achieve a natural looking and Ultra Violet Free tan without harmful side effects.

Years ago the idea of using tanning beds or self applied tanners were appealing to many who wanted that instant glow without laying under the sun's damaging rays for hours. The challenges were that the tanning beds pose a health risk and most of the applied self-tanners left orange residue, streaks and odors that made the results less than appealing. The demand for a perfect sunless tan without any harmful side effects has remained strong around the country as athletes, celebrities and affluent individuals seeking to look their best without having to deal with the beach or the unpredictability of a sunburn searched for a better alternative.

This is exactly where TantrumSprayTans.com comes into play. "Our Clients want to look and feel their best without harmful UV rays or any of the negative side effects associated with traditional sun bathing and harsh tanning bed," says Owner Melinda Dixon.

According to the website, the spray tanning services are completed by professionally trained and certified technicians to ensure a safe tanning experience. The staff are trained to apply a safe and natural solution leaving no tan lines, no orange coloring, no sticky residue and no odors. Clients return regularly because they love the natural looking results and the professionalism of the staff.

"Our customers are always amazed at how great & natural they look. They love no longer having to deal with harmful chemicals, damaging tanning beds and boiling under the sun's harmful UV rays. Everyone that desire that perfect tan without any of the hassles or health risk can call Tantrum 7 days a week. We go directly to our clients location and get them looking like they just spent a week in the tropics in about 20 minutes," says Dixon.

"Often we are called in a few days prior to important social or professional events to help our clients attain

that natural tanned look they desire. Our Mobile Spray Tan Service was created for those that choose to spray tan in the privacy of their home rather than burn under the hot south Florida sun. We go straight to our clients homes and offices, apply our proprietary solution based on their particular skin type and desired color. We achieve beautiful, natural results," says Melinda Dixon, owner of TantrumSprayTans.com.

Located in Royal Palm Beach, FL, Tantrum Mobile Spray Tans is now available to help the residents of Delray Beach look their best for any social or professional event.

If you are looking for a mobile spray tan technician who can help you look and feel your best please contact the professionals at Tantrum Mobile Spray Tans. All contact information is listed below.
