Security Now USA Delivers Real-Time Incident Reports

January 10, 2020

January 10, 2020 -
Companies and institutions across the United States of America can now avoid further risk, injury, or damage to people and property through the real-time incident reporting offered by Security Now USA.

Security Now USA, a national security guard service provider, delivers fast, reliable, and experienced security guards for every location or event in all US states. This best security guard company has over 40 years of combined experience. It was founded on years of experience in security, and local, state and federal law enforcement/military.

Security Now USA's team of professional security guards specializes in handling event security, mobile patrols, alarm monitoring, and of course, security for business establishments all over the country.

One of the security firm's special features is the provision of real-time incident reports. Their clients, wherever they may be in the US, can view incident reports submitted by Security Now guards as they happen in real-time. Any incidents submitted through their system will show up in the client's portal for them to view.

With the Security Now USA real-time reporting feature, clients can also respond quickly to any incident happening. The real-time reporting can dramatically improve safety and protect assets of a business or

institution.

Known as the best security service in the USA, Security Now also allows clients to communicate with their guards in real-time. While guards are on duty, clients have a direct line of communication with them through the online portal and direct phone number.

The portal likewise allows the clients to ensure efficient service from their hired guards. Through the Security Now system, clients can access their guard's current location. Through the portal, the client can also conveniently track patrolled areas as history is marked on a map.

Apart from its top-notch armed and unarmed security services, the California-based company is also recognized for its professionalism. Security Now USA boasts that their security guards have backgrounds in law enforcement or the military.

"We take great satisfaction from helping employers deter employee theft and fraud, and our customers compliment us on our professionalism and the rapport that we have with others that share our experience and backgrounds," Security Now stresses.

All of their guards are also licensed by the State of Ohio Department of Public Safety PISGS. With this, they are licensed to provide armed or unarmed services. They are also allowed to provide lawful and insured Security and private investigation nationally. "We are fully insured, privately owned, and maintain worker's compensation and unemployment policies."'
