

# MN Janitorial Services Company Offers Commercial Cleaning Services

*February 11, 2020*

February 11, 2020 - PRESSADVANTAGE -

Handi Commercial Cleaning - Janitorial Services, based in Golden Valley, Minnesota, has announced that they are offering commercial janitorial and cleaning services in Minneapolis and St. Paul, Minnesota, including neighboring cities. They provide eco-friendly office cleaning services of different kinds, ranging from janitorial to expert carpet cleaning. Their professional cleaners are all highly trained and certified, ensuring a 100 percent satisfaction guarantee. They also make sure that they are using cutting edge cleaning technology to provide the highest quality level of service.

Robin Handy, President of Handi Commercial Cleaning, says, "Every service that we provide is customized to meet your specific needs. You won't have to worry about hiring several companies for different jobs. In addition to cleanup services, we provide specialty cleaning services such as: power washing, window washing, and painting services for your building's exterior portion. We always stay up on the latest technology in the industry to ensure the highest quality level of service."

Handi Commercial Cleaning provides four primary services. These are janitorial services, green cleaning, commercial cleaning services, and commercial carpet cleaning services. The janitorial services provided include taking out the trash, dusting, washing windows, re-stocking, cleaning bathrooms, and more. The commercial cleaning services provided include cleaning of VCT floors and upholstery, odor removal, stone care, and more. The staff from Handi Commercial Cleaning are also trained in the provision of green cleaning services. This involves cleaning every surface and room in the office using eco-friendly tools and products. And lastly, commercial carpet cleaning services are important because carpets are one of the first things that customers and workers notice when they enter the office. Dust, allergens and stains need to be removed from the carpets because these are often placed in high traffic areas.

In order to provide environmentally friendly janitorial services, Handi Commercial Cleaning crews undergo green cleaning certifications to ensure complete environmental safety in their work. They also make use of a color-coded system to ensure that the cleaning materials they use are specific to each area. This means that their cleaners will not be utilizing the same cloth they used for the bathroom for clean a desk, etc.

Robin Handy says, "Hiring us means you can focus on running your business instead of how your office may look when employees or visitors come in. Handi is passionate about cleaning and we enjoy giving you the peace of mind that your office remains clean and healthy."

He believes that there are many ways in which Handi Commercial Cleaning stands out among the other cleaning companies in Minnesota. Their trained Clean Green Teams utilize environmentally friendly cleaners, procedures and equipment, every time, every day, and on every job. They also offer specialized packages for different industries, such as day care centers, health clubs, office buildings, dialysis centers, and more. They can also serve as a one-stop shop for all of the maintenance needs of a commercial building, including window cleaning, power-washing, painting, and more. They also perform regular Quality Performance Review Surveys to guarantee customer satisfaction, and their centralized Call Tracking Response System offers quick and knowledgeable answers to customers' questions.

Robin Handy points out that various kinds of businesses use the commercial cleaning services that they offer. These include schools and other educational institutions, medical facilities, dental office, mixed office space, technology and communications companies, consulting and coaching companies, veterinarians, manufacturing and industrial companies, service industries, retail centers, therapists, and co-working spaces.

Aside from the Twin Cities, Handi Commercial Cleaning can also provide their services in other neighboring cities like Golden Valley, Edina, St. Louis Park, Minnetonka, Bloomington, Maple Grove, Plymouth, Blaine, Richfield, Falcon Heights, Mendota Heights, Maplewood, Roseville, Woodbury, Oakdale, and South St. Paul.

Those who are interested in the Janitorial Services with Handi Commercial Cleaning, can check out their website or contact them on the telephone or through email. They are open from Monday to Friday, from 8:00 am to 5:00 pm.
