

Subaru White Plains offers SUV Lease Deals

January 16, 2020

January 16, 2020 - PRESSADVANTAGE -

Subaru White Plains is excited to promote the lease deals they have available now on new Subaru Ascent, Forester and Outback models. The dealership, which recently rebranded from Westchester Subaru after moving to a new location on East Main Street in White Plains, New York, has a number of new and pre-owned Subaru vehicles available for lease and purchase at their dealership. Their website promises that their team can help find the perfect match for any car buyer, whether they are interested in something sleek and stylish, something capable and solid, or just something practical and affordable. Interested car shoppers can browse new and used inventory online, see great deals on new cars and SUVs, shop used trucks, and take advantage of expert services right on site when they go in person to the dealership to shop for a car, truck or SUV.

Among the deals currently being offered by Subaru White Plains is a deal on a Subaru Ascent Lease. The Subaru Ascent is an 8 person SUV, making it an ideal choice for large families and people who frequently like to get out of town and need a car that's safe, practical, comfortable to drive, and spacious enough for their adventure gear. The Ascent is family-sized with flexible seating for up to eight passengers, standard Symmetrical All-Wheel Drive, and up to 5,000 pounds of towing capacity. The peace of mind of Subaru EyeSight Driver Assist Technology even comes standard. Designed for optimal balance and an even distribution of power for maximum traction, All-Wheel Drive makes for exceptional stability, impressive efficiency, and a quick response to driving conditions. As a bonus, the New Subaru Ascent is generous on its storage, low on servicing needs and ensures a fantastic drive on every landscape.

In addition to the deals on leases for the Ascent, Subaru White Plains is also offering an exciting deal on a new Subaru Forester Lease. The 2020 Subaru Forester, a standard SUV, has been fully redesigned inside and out. Like the Ascent, it features standard EyeSight® Driver Assist Technology and Symmetrical All-Wheel Drive. There have been extensive upgrades to its interior materials, passenger space, and on-board technology ? including the all-new DriverFocus? Distraction Mitigation System, available only on the 2020 Forester. The Subaru Forester is designed for long lasting quality, which is one reason why the Forester retains its value better than any other vehicle in its class for 2018. Not to mention, the balanced design of Symmetrical All-Wheel Drive creates uniform stability and delivers an optimal distribution of power for

maximum traction in virtually any weather or road condition. It delivers better handling, improved efficiency, and a quicker response to road conditions. The Forester is able to get up to a fuel-efficient 33 MPG for highway driving, and offers even more room for comfort, with over 100 cubic feet of passenger volume. With added rear legroom and an available panoramic moonroof, the Forester provides an open, airy experience for all. The Forester even has a built in wi-fi hotspot for connected families on the go.

Subaru White Plains also has deals on Subaru's standard vehicle, the Subaru Outback and Subaru Outback Lease. Offered a 5-star safety rating from the National Highway Safety Administration, Subaru Outback is also a budget-friendly choice: This family-friendly SUV retains its value better than any other vehicle in its class for 2018, according to studies. The car earned the highest model loyalty for three consecutive years in its class and raving reviews from specialists and drivers from all over the world. It packs many of the features found in the Ascent and the Forester into a smaller shell, for smaller families and those who don't need to pack quite as much for their adventures.

A whopping 97% of Subaru vehicles sold in the last 10 years are still on the road today, making them a trusted brand for long lasting vehicles with the highest safety ratings that can handle all kinds of driving conditions. Anyone interested in owning their own car from this long loved car manufacturer can find a great deal on their next Subaru at Subaru White Plains.
