January 22, 2020 - PRESSADVANTAGE -

White Plains, New York based Alfa Romeo of White Plains is pleased to announce the lease offers that will be available at the dealership throughout January. The local dealership has welcomed the new year with discounted prices on three of their most coveted models, allowing customers to lease their dream vehicle at a price significantly lower than what would otherwise be possible.

The new Alfa Romeo lease deals include a variety of models, offering multiple options that cater to different needs that their clients may have. These leases apply to a selection of SUVs, sedans, and even sports vehicles. The company states that they specifically aimed for such diversity as this is a common point of concern for their clients. Leonardo Didonna, a spokesperson for Alfa Romeo of White Plains, states, "One of the most common questions that our clients ask is which SUV, sedan, or sports vehicle is the better option. While there is no definitive answer here, since it depends on how much it will be used and for what purpose, we selected our most popular options in each of these categories. These vehicles convey the style and refinement that is associated with Alfa Romeo vehicles and, given that they are available at a discounted price, this only makes them more attractive for our customers."

The first of the January lease deals offered by Alfa Romeo of White Plains is a sedan, the Alfa Romeo Giulia. The Giulia model is a reliable, comfortable, and safe family car that enforces the mantra of doing better than others in terms of performance and looking good at the same time. This vehicle is equipped with a 2.0L turbocharged Alfa Romeo 4-cylinder engine, automatic transmission, and an MPG range of 24-33, allowing the driver to enjoy a truly amazing driving experience that is only possible while driving a vehicle of the caliber of Alfa Romeo. The Alfa Romeo Giulia lease is available starting at \$339 per month.

As a more stand-out option, Alfa Romeo of White Plains is leasing their Alfa Romeo 4C model, a vehicle specially designed for speed lovers who want a vehicle that boasts style and refinement. The Alfa Romeo 4C comes with a perfect mix of performance-engineered power, refined style, and balanced handling, staying true to its racing heritage and remaining primed for performance. Its Italian-designed interior is laid out to ensure the ultimate comfort and convenience for the driver as well as their companions. The 4C model is the

perfect option for those looking for raw power, featuring a 1750 Turbocharged four-cylinder engine that delivers 237 horsepower, 258 lb-ft of torque, 160 MPH top speed, and 4.1 seconds 0-60 time.

As a more conservative option, the local dealership is offering the Alfa Romeo Stelvio, an SUV vehicle that comes packed with convenience and comfort without shying away from the performance that other options have. The company describes this as a vehicle crafted to conquer the road, adapting to any situation with its near-perfect balance, revolutionary carbon fiber driveshaft, and eight-speed transmission. This vehicle features a raw power that rivals other sedan and sports cars, including an all-aluminum 2.0L Turbocharged four-cylinder engine that delivers 280 horsepower, 306 lb-ft of torque, 144 MPH top speed, and 5.4 seconds 0-60 time. The Alfa Romeo Stelvio lease is available starting at \$359 per month.

As one of the state's top dealerships, Alfa Romeo of White Plains enjoys a wealth of positive customer reviews. One of their most recent testimonials, written by Steve B., states, "Leonardo, the supervisor, helped me with signing my new car off the lot. He is great at what he does. He seems down to earth, is very knowledgeable, and cares about the service a customer gets. I recommend Alfa Romeo to everyone."

Those interested in leasing an Alfa Romeo vehicle at a great price are encouraged to get in touch with and/or pay a visit to Alfa Romeo of White Plains. The local dealership offers prices that are unmatched anywhere else, complemented by one of the broadest selections of high-end vehicles in the New York area. Their special lease deals change every month, though customers can expect vehicles of a similar caliber and type to replace the current options.
