Burbank, CA based Contractors Insurance Solutions, Inc. (CIS) is pleased to inform licensed contractors in the region that the firm can assist them with all their California contractors insurance requirements. Contractors Insurance Solutions has a wealth of experience in ensuring that their clients are fully aware of and able to function in full accordance with state laws regarding contractors insurance.

The firm elaborates, ?Contractors Insurance Solutions specializes in securing bespoke contractors? insurance policies and CA contractors license bonds for their clients in southern California. Owned and operated by a licensed California Contractor, CIS is a company that knows the construction industry. As such, they make it their business to get you bonded so you can get to work. With custom-built insurance programs designed to meet your company?s specific needs, you will have the confidence to freely run your business, armed with the security and peace of mind that comes with knowing that you will be covered financially in the event of an accident.?

A variety of services may be accessed at CIS, including Surety Bonds (CIS specializes in all contractors bonds), Contractors Workers Compensation Insurance, Contractors General Liability Insurance, and so on.

No two clients are alike, according to CIS. As such, they assert that they take a careful, measured approach with each and every client. This need for this conscientious approach may be further emphasized by the nature of individual projects, particularly as companies compete for increasingly larger contracts.

Fortunately for their clients, CIS? team of experts is committed to offering guidance where any sort of insurance is deemed necessary. This way, according to the firm, their clients need only concern themselves with the project at hand and the overall management of their business. It also has the supplementary advantage of helping keep their clients on schedule when they submit proposals. The firm adds that their representatives are always available should any of their clients wish to revisit their insurance policies or discuss future endeavors.

For instance, the firm is able to lend their expertise to clients who wish to buy Workers Compensation Insurance. By California law, employees have to be provided Workers Compensation Liability Insurance by their employer, thereby entitling them to some form of compensation if they are injured on the job. CIS explains that, ?Contractors Insurance Solutions specializes in Workers Compensation for contractors in Los Angeles and also serves contractors all across California. CIS conducts an in-depth Needs Analysis evaluation for your company. There are different types of policies a contractors can buy to meet California State requirements. The choice of policy is determined by a number of factors that include but are not limited to the type of business being conducted and the number of employed workers. California State Law requires that any business which has one or more employees must obtain Workers Compensation Insurance.?

Similarly, clients may discover that they need the firm?s help with Construction Liability Insurance in Los Angeles.
