Solarus Tech Partners With Best Global IT Brands

January 21, 2020

January 21, 2020 -
New York-based Solarus Technologies builds a strategic partnership with the best of breed manufacturers in the digital world.

Solarus Technology, an IT solutions company offering the Best Cyber Security Services In New York, has partnered with the giant brands such as Microsoft, Hewlett-Packard, Dell, and Lenovo. The company has also partnered with other international companies offering technological innovations, including the BOXX, Cisco, Cisco Meraki, Leviton, SonicWall, and Mitel, among others. The company has also partnered with Jabra, Lifesize, StorageCraft, and Elevate in offering the best IT support services in New York.

With its strong partnerships with these global companies, Solarus Technology offers the Best New York City IT Consulting Services. Solarus Technologies was founded to address the customer service gap typically found with technology services firms. They offer everything from managed IT services, network architecture, cloud services & Office365, wireless access to phone systems, hardware/software sales, cabling, telecom expense management, and consulting. The company provides a 24/7 team to cover pretty much every tech-related need of a business.

From its humble beginnings in 2012, the online computer support firm has served clients in over 40 locations

worldwide. This full service IT company has served a variety of business profiles, including non-profit/non-government organizations (NGOs), small businesses, recruiting business services, and start-ups.

At present, the company specializes in the following services in New York City: Cyber Security, Cloud Hosting, Business Continuity, Hosted Email Service, IT Consulting, and Compliance Testing. Solarus Tech is also known as Computer Consulting Operations Specialists in NY. They provide the best Offsite Backup, IP Telephony, Virtualization & Consolidation, and Storage Design. The company also delivers the best NYC Vendor Management Technology, Domain Name Management, and Network Management in New York City.

The IT services and solutions company also tailors its services to the needs of its clients. The company recognizes the fact that there are many different kinds and sizes of companies, so a ?one size fits all? approach doesn?t work. They customize a plan for each of their clients and maintain an open communication channel with them. ?We provide Professional IT Support Services in New York City with passion,? Solarus Tech claims.

Apart from its top-of-the-line services, the company also has certified and highly-trained engineers. The company believes in a supportive and goal-oriented culture. Thus, they work as a team and helping each other in every aspect of technology. ?We bring this same leadership and inner-office connectivity to our customers. We believe in positivity and growth,? the Top IT support company in New York emphasized.
