Mobility City Of Lake County Offers Reliable Mobility Scooter Rentals

January 22, 2020

January 22, 2020 -
Grayslake, IL based Mobility City of Lake County is pleased to announce that residents in search of mobility scooter rentals in Lake County need not look any further than the company?s own catalog and associated services. They rent mobility scooters for both long and short term use.

Their mobility scooters are great for seniors or disabled family members, allowing them to participate in family events that their lack of mobility might have prevented them from participating in in the past. Scooters from Mobility City allow disabled or older people to get involved in weddings, graduations, school plays, concerts and other events that they normally would not be able to attend or participate in. Learn more here: Mobility Scooter Rentals Lake County.

Some common venues like Ravinia, Six Flags Amusement park, air shows and county fairs in the summer are also quite difficult to navigate for disabled or elderly people, a problem that is easily solved by making use of a mobility scooter. Mobility City provides scooters for people in such situations and has come to be well known in the area for this service. Last summer, the company was named the equipment rental provider at the 2019 Lake County fair.

While these scooters are incredibly useful for the elderly and the disabled, they are not limited to users with permanent conditions alone. They are very useful for those who are recovering from multiple types of surgery or any other health issue that may make walking difficult for extended periods. This is where companies that rent out such devices become very useful. ?When you temporarily need a wheelchair, mobility scooter, hospital bed, recliner lift chair or other device, Mobility City offers flexible rental options. Rent by the day, week, or month?and we can deliver the equipment to you,? says Mobility City.

Mobility City brings premier mobility equipment services and products to Lake County as well as McHenry County, IL. The company has over three decades of experience in the medical equipment industry, focusing

mainly on mobility scooters, wheelchairs, hospital beds, lift chairs and other pieces of mobility equipment. Anyone looking to rent mobility scooters in Lake County can find out more online at their website and other online resources.

Beyond simply renting out mobility equipment, Mobility City offers repair services. As their website states, ?Our skilled technicians provide expert mobility equipment repair services at flat-rate pricing and can usually provide service within 24 hours of your call. We fully stock our vans with spare batteries and parts to ideally complete our services in one visit. We strive to bring a highly compassionate and educated approach to meeting your mobility solutions, no matter if you?re looking for repair, rental, new equipment, or equipment.?

Many of the mobility equipment provider?s customers have left great reviews on multiple platforms praising the company for their work. Their customers are often caught in difficult situations regarding the mobility of a loved one and find the solutions they need at Mobility City. ?We had to have my mom's jazzy wheelchair checked due to an accident,? says a 5-Star Google review. ?In my Google search, I found Mobility City. Kevin the owner answered the phone and was just great. He set us up with Mark in service, who was very knowledgeable and friendly. The office girl (sorry, name slipped my mind) was very sweet and kept us informed of how the job was going. It was a great experience overall, and I would recommend them.?

Another Google review says, ?We needed a wheelchair for my son after his recent surgery. The customer service was fantastic! They were very accommodating and answered all our questions. The wheelchair is very clean, comfortable and easy to use. I was very happy with this company, and that my son was able to get outside with the use of the wheelchair from Mobility City.?

For power chair rentals in Lake County, get in touch with Mobility City of Lake County.
