

Newport Beach Rhinoplasty Center Excels In Delivering Positive Patient Experiences

January 23, 2020

January 23, 2020 - PRESSADVANTAGE -

The Rhinoplasty Center, based in Newport Beach, California, is delighted to announce that they have received a new 5-Star review on Yelp from a patient who could not be happier with the results of her rhinoplasty procedure. Headed by Dr. Aaron Kosins, the center has performed over 6,000 procedures, perfecting the art of rhinoplasty to deliver outstanding results to patients from all over the world.

The review, written by Nicole S., can be read in full on Yelp, which includes photos of the aforementioned results. Nicole says, "Dr. Kosins and Judy are the best! I got rhinoplasty done with Dr. Kosins about three weeks ago, and I couldn't be happier with the results. I met with Dr. Kosins twice before surgery, and he made sure to go over what I specifically did not like about my nose. The day of surgery was pretty seamless itself. The only difficult part is not being able to breathe well through your nose, which gives some pretty bad dry mouth while sleeping. Aside from that, I never had much bruising or pain, which shocked me."

Many people are concerned with the recovery period. Nicole touches on this aspect as well, saying, "During the whole recovery process, Judy was great and led me through everything. I wore the splint for eight days, tape during the day for three days, and I'm now still taping my nose at night. As soon as the tape came off

after the 11 days, my nose looked completely normal! It was a bit swollen, but really nothing noticeable.?

Nicole concludes, ?I am really happy with how everything turned out, and I already have recommended him to friends or anyone thinking about rhinoplasty! Dr. Aaron Kosins comments, ?I want to thank each of our patients for trusting us to achieve the look they want. Being a specialist in rhinoplasty who can give patients the looks they deserve is my life?s calling. The entire team loves to read their feedback and see their photos to see the difference we have made.?

The Newport Beach Rhinoplasty center was recently featured on the KIKN ABC Channel 8 news site. It highlights that the average plastic surgeon in the US performs fewer than a dozen nasal surgeries every year. The surgeons at The Rhinoplasty Center, however, perform hundreds of procedures within this period on patients of every ethnicity from all over the world, and they are thus able to offer superior results. This is what sets the Rhinoplasty Center apart from other practices in the same field.

Through their Facebook page and other social media channels, The Rhinoplasty Center makes it a habit to share informative articles and other resources that patients may benefit from. They also feature some of the articles that Dr. Kosins has contributed to leading publications around the world.

In another 5-Star Yelp review, Kayla K. shares her delight in the treatment she received from the clinic. The review says, ?I have been getting injectables for over 10 years for prevention and maintenance of wrinkles, and Sara is by far my favorite nurse I have ever seen! She is truly an expert, and my results are always so natural. I've gone to doctors and nurses in my past (at very reputable places) that have tweaked my face or overdid it to where I don't feel like myself; this is never the case with Sara, and it is why I drive from LA to see her. This office is beautiful and professional, and I love the fact that you don't get pressured to add a bunch of procedures when visiting, just honest suggestions for treatments you're interested in. The staff are all so warm and inviting. If you are looking for an honest, skilled and friendly nurse go to Sara! Trust me, you will love your results! Not to mention she is beautiful inside and out!?

Dr. Kosins adds, ?We perform 300-400 rhinoplasty procedures a year and have always been popular with clientele looking to maintain their youthful looks. If you have any questions at all regarding rhinoplasty, we encourage you to learn more about the procedures we offer on our website.?

Those who would like to schedule an appointment can do so by visiting The Rhinoplasty Center?s website at <http://therhinoplastycenternewportbeach.com/>, or by calling the clinic directly. Social media users are welcome to connect with them on Facebook and Instagram as well.
