

Private Scottsdale Golf Club Helps Members Keep New Year Resolutions

January 23, 2020

January 23, 2020 - PRESSADVANTAGE -

The Country Club at DC Ranch, a private golf and country club based in Scottsdale, Arizona, has announced that they have expanded the facilities and range of classes included in their Fitness & Performance Center to help their members make 2020 the year they achieve their health goals. The Club intends to accomplish this by offering their patrons the benefit of professional insight, support and access to appropriate facilities. The Center is a popular choice for those who like to get their workouts in early, as they are open from 6am through to 10 pm every day of the week.

Melanie Halpert, a Director says, "We have pulled together our biggest scheduled lineup for weekend workshops, seminars and other events so that the whole community can take part. Our Big High Golf Fitness Workshop was very well attended. We have also brought in some fabulous new equipment, including the Keiser power squat, so please get in touch with our staff when you are here and they can show you the options it provides to get a great glute and lower body workout! We have a full range of small group training sessions throughout the day to accommodate those who want super early morning classes through to evening training."

The Fitness & Performance Center features the latest and most hi-tech equipment to help members achieve their ultimate fitness goals as they enjoy beautiful panoramic views of the Valley. The Club also provides a range of yoga classes for all ages and levels of ability. Many of the activities and facilities on offer can be viewed on The Country Club at DC Ranch's official Facebook page. More information can also be found on their website at <https://www.ccdcranch.com/>.

Last month, KITV ABC Channel shared news of the Club being awarded the GEM Award by the Arizona Women's Golf Association (AWGA). The article highlighted that the 18-hole golf course provides spectacular views of the McDowell Mountains and has something to offer to golfers of all levels. It also paid attention to the Club's welcoming, casual atmosphere and dining facilities, in addition to the distinctive amenities that make it a popular choice for weddings and other special occasions.

The quality of the club's amenities is reflected in the online reviews they receive from their patrons, even with those who take their golf seriously. One member, Nick Always, recently gave the club 5-Stars in their review, saying it was his favorite of the three clubs he has seen in and around Scottsdale. He further commented that the club has great staff.

Recently, the Club hosted 50 club managers from around the US for a CMAA sports and recreation conference. Speaking about the event, Halpert says, "It was an amazing opportunity to show off the Country Club as well as our outstanding golf course, designed by Tom Lehman and Fohn Fought. With facilities to help kids and beginning players develop their golf and tennis skills to enjoy the game in a welcoming community, we hope everyone will come and enjoy the wide range of sports and fitness facilities all year round."

Robin Cook gives the Club top marks in their review, saying, "This place is spectacular! I had the honor of playing the course and dining in the clubhouse. Everything is first rate. We were given the VIP treatment all day. Awesome golf course too!"

Those looking to improve their game may confer with PGA certified professionals who can provide individual and group instruction through the Scottsdale Golf Club. Play is enjoyed all year round, with spectacular views that frame all 18 holes (making the course one of the most prime locations in the entire valley).

Halpert concludes, "We want to thank everyone who has taken the time to leave their recommendations and feedback online. Everyone here works hard to make sure every member and visitor at The Country Club at DC Ranch enjoys a great time with us. With our unprecedented calendar of social events and activities for all members, we aim to help everyone enjoy quality time with their families, friends and colleagues in our warm, inviting and exclusive settings."
