Seattle Holistic Dentist To Host Open House And Patient Appreciation Event

January 23, 2020

January 23, 2020 -

Edmonds, Washington based holistic dentist Green City Dental (GCD) is pleased to announce that they are hosting an Open House/Patient Appreciation Event that will take place on Thursday, the 23rd of January from 3 PM to 7 PM. The dental clinic provides biological, minimally invasive dental services to Edmonds and the surrounding areas.

Kimberly Klaudt, a representative for Green City Dental says, ?No matter how good we might be, we are nothing without our patients. With this in mind, we are kicking off our New Year by hosting an event to celebrate you! Drop in with a friend or a date and join us for an entertaining evening with the Green City Dental team! Grab a glass of champagne, enjoy some appetizers, put your name in our raffle for a chance to win some awesome prizes and learn about the things we do here and how holistic dentistry differs from traditional dentistry. Whether you are a patient of ours or not, it doesn?t matter! Everyone is welcome to come and take part in our open house and patient appreciation event!?

Green City Dental?s Dr. Rebecca Taylor works closely with her patients, educating them and creating custom treatment plans that fit their specific needs and values. Dr. Taylor is trained in safe mercury amalgam

removal, ozone therapy, neuromuscular dentistry, laser dentistry, tooth remineralization, non-invasive therapies for sleep apnea/snoring, Invisalign with PROPEL, and non-surgical periodontal therapy. The clinic is also fluoride-free, and they use only biocompatible BPA-free materials. As a rule, GCD strives to use sustainable products and minimize their environmental impact.

Klaudt says, ?At Green City Dental, we understand that overall health depends on oral health. We love to help our patients achieve the best of both! Our utmost goal is to provide the highest quality dental care available while transforming dentistry into a practice that treats causes, not symptoms. We offer meticulous, uncompromising and state-of-the-art dental care with a commitment to honoring and caring for the beauty, importance and sovereignty of ourselves and every person we have the privilege to serve with love, joy, compassion and respect.?

The Green City Dental team has established themselves as a reputable source of dental services among the local community. On the Google platform, the holistic Seattle dentist has a rating of 4.3 out of 5 Stars. Will Corley says in his recent -Star review, ?My experience has been truly great. I have been to several dentists [who have a] more traditional and, frankly, narrow view of treatment. Green City has the latest cutting edge technology and thinking in regard to a more holistic approach. I initially walked away feeling optimistic about solving my teeth and gum problem that i have chosen to pay out of pocket and travel from the Bay Area to Seattle for treatment. This practice is both warm and professional. I can not say enough regarding the treatment.? Learn more here: Seattle Holistic Dentistry.

In another review, Deb Magana says, ?Amazing dentist! I'm 60 years old and have had braces twice in my life, with corrective jaw surgery in 1996. But with all of that, I still had issues with my jaw. It would dislocate and be quite painful. Dr Taylor fitted me for an orthotic device. What a miracle! No more issues with my jaw!?

Green City Dental maintains their excellent ratings on Facebook as well, with a 4.7 out of 5 Star rating. Matthew Norman says in his review, ?Dr. Taylor and the entire staff at Green City Dental truly support my personal goals of achieving and maintaining optimal health. I am very health conscious, and I appreciate the truly holistic, whole-body health approach that Dr. Taylor delivers. An exam at GCD is more comprehensive and thorough than any I've had and, though post-exam recommendations for further health optimization may seem like a lot, I appreciate knowing all the various ways to improve my health where needed. I recommend GCD to my friends and family, and I recommend them to you if preventing and curing dental/health concerns are important to you.?

Those who wish to learn more about Green City Dental and the various services they provide can find more information on the clinic?s website. Additionally, they encourage interested parties to get in touch with

Kimberly Klaudt directly via email or phone. Green City Dental also maintains a presence on Facebook where they frequently post updates and communicate with their patients.
