TLE Expands Educational Resources As Families Struggle With Debt

January 27, 2020

January 27, 2020 -
US based Title Loans Express (TLE) is reaching out to the community to announce that they will continue expanding the educational resources available on their website. Just recently, they launched a guide to their financial aid program that uses a vehicle title as collateral. Further information is available here: https://www.titleloansexpress.com/the-ultimate-guide-to-pink-slip-loans/.

Recent studies of the US? economy have shown that families considered part of the American middle class are falling deeper into debt to maintain their lifestyle. The increasing costs associated with cars, education, houses and medical care have caught up with stale income, leaving these families with no other option than to incur debt to cover everyday expenses and leaving no room for savings or emergency funds. This places a significant number of families all across the US in dire straits where they are vulnerable to any unforeseen bills that may upset the delicate balance they maintain between their earnings and expenses.

For many families in this situation, applying for financial aid is no longer an option, leaving them hopeless and with very few alternatives to pursue until their next paycheck. It is in this situation that TLE steps in to help, as they continue to educate, guide and advise their community on alternative means by which they may receive financial aid. The company offers one such option themselves that promises to be more beneficial than some of the others out there.

TLE states, "We have been closely following the difficult situation that middle-class families across the US have been facing, and we want to reassure them that we are not oblivious to their challenges nor will we let them down in their time of need. We know that most families cannot rely on their banks for financial assistance anymore due to their credit score, which is why we offer a solution that relies on other factors. We will come through when you are in a pinch, as our financial aid program takes as little as 24 hours to accept a new applicant, after which we will discuss the amount we will give you and deposit it directly into your bank account."

Using their client's vehicle as collateral, TLE helps the community bypass most of the challenges that they

would otherwise face going through the regular process with a banking institution, reducing both the qualifying requirements and approval time to the bare minimum. The most restrictive requirement to apply for the pink-slip financial aid program is the vehicle title itself. The company states that all citizens above 18 with proof of residence and income are welcome to apply as long as they own their vehicle and possess its title. This is ideal for anyone struggling with debt and a poor credit score, as it allows them to get a cash advance regardless of any of these circumstances that usually limit their ability to apply for assistance. More details are available here to learn about title loans near me.

Beyond these requirements, TLE expresses that the amount that will be approved for their client's financial aid will depend on the market value of the latter?s vehicle. This does not mean, however, that they do not accept applicants with older vehicles, as they encourage clients to reach out to them regardless of the car's age as long as it is in good condition.

TLE enjoys a distinguished reputation across the US, having helped thousands of families get through difficult situations. Through their website, they feature a testimonial from Franklin S., a Los Angeles resident, who says, "My friends told me about Title Loans Express services and, when I was low on cash, I thought I would give it a chance. I was glad I did, as one of their licensed vendors got me the money I needed the same day."

Title Loans Express provides financial aid to vehicle owners in 29 states. The company is ready and willing to help applicants get the cash they need using their titles as collateral. Those who are interested can apply online or by calling TLE today.
