

TeeHee Co. Highlights Tent and Tarp Products

January 23, 2020

January 23, 2020 - PRESSADVANTAGE -

Columbus, OH (January 22, 2020) ? TeeHee Co. is pleased to highlight its range of tent and tarp products designed for use to aid in hydroponic growing.

TeeHee Co.'s tent and tarp products come in a range of sizes and at a range of price points, making them suitable for everyone from the hobbyist to the professional gardener. The most basic tents and tarps include extension kits for your indoor grow tents available at under \$100, full indoor grow tents available at just under \$250, and many more are available.

Those seeking products for outdoor use can find items such as TeeHee Co.'s Secure Grow Chain Link Greenhouse for under \$800 or Safe Grow Greenhouse at 10x10 for just under \$1000. Height adjustable options are available, including its expert level 10x20 Gorilla Grow Tent.

A few highlights of the grow tents include details such as reflective walls, infrared blocking roofs, and durable insulation. Buyers will also find them light proof and odor resistant. On the higher-end models of the tents and tarps, there are poles offering maximum security, holding up to 500 pounds, while EZ view windows ensure that gardeners do not have to disturb their plants to get a good view of what is going on inside on a regular basis.

Visit TeeHee Co.'s website to learn more about their services and products.
