February 12, 2020 - PRESSADVANTAGE -

Taste Ibiza, long considered one of the most respected concierge services in the business, has announced that it is now offering a the complete Ibiza VIP Concierge service for visitors to Ibiza.

Often referred to as the White Isle, Ibiza is a Spanish island off the eastern coast of Spain. One of the Balearic Islands, it is well known for its lively nightlife, beaches, quiet villages, and yoga retreats, and is a popular holiday destination.

Taste Ibiza can organise every aspect of a visit so that all its customers have to do is enjoy their time on holiday. It's not just arrangement in advance though, as the company is very flexible, and with its all round concierge service it can help arrange anything that is needed at any time of the day or night.

A concierge service is there to assist guests by performing various tasks which can range from something as simple as making a dinner reservation to booking a limousine for a sight-seeing trip around the island and all points in between

The company has access to the best beach clubs and to the hottest night clubs and its team is always well informed as to what is happening and where when it comes to events. Taste's dedicated team is very selective however, and only the best events will be recommended to customers.

It is not just clubs on offer though, as Taste's services go far beyond that. There are, of course, the obvious services like arranging transportation in a luxury car for clubbing or simply getting around. Then there the not so obvious services like private chefs, beauticians, massage therapists, hiring of equipment for parties, and even private security can all be arranged if required.

One of the most popular services Taste offers is enabling visitors to experience life on the ocean waves, but

in a luxury boat. Ibiza Boat Hire has a selection available to visitors ranging from small speed boats that can take up to 12 passengers right up to ocean going yachts that can accommodate 45.

Jane McInness, from the United Kingdom, who recently used Taste Ibiza for the first time, said, "I wanted to arrange the family holiday of a lifetime with everything taken care of from beginning to end. I found Taste Ibiza's website and told them what I wanted, and they made all the arrangements. Car waiting at the airport, dinner reservations and transportation every day we were there, even a day out on a yacht with champagne. I couldn't have asked for more."

Taste Ibiza's concierge services are not just available to private groups, however. The company's services are also available to corporate groups. Team building is recognized as one of the most important aspects of business that a company can undertake to improve morale and leadership skills. The benefits are considered so significant that many corporations have incorporated team building strategies into their training programmes.

Taste can create bespoke itineraries specifically designed to meet a client's needs and are experts in arranging everything from high octane team building trips atop cliffs to luxury sojourns aboard yachts. Team building, product launches, press trips, can all be professionally taken care of.

Taste Ibiza's in-depth knowledge of the island's restaurants, clubs, beaches, and villas allows it to provide the perfect corporate break. Both small parties and big parties will receive the same level of service.

A spokesperson for Taste Ibiza said, "Ibiza has a lot to offer and Taste has been on the island for over 20 years now. We're an independent company so we're not tied to specific hotels, or clubs, etc. That puts us in a unique position to offer both private and corporate customers only the very best that the island has to offer. Our aim is to make sure that our customers have the best holiday ever and we do that by taking all the hassle and worry out of the equation."
