Specialty Wine Charms Launched To Celebrate Valentines Day

January 27, 2020

January 27, 2020 -
Libertyville, Illinois based Simply Charmed is delighted to announce the launch of a new magnetic wine charm in time to make Valentines Day an extra special event. The company is a leading online provider of unique, specialty magnetic wine charms that add a touch of elegance and panache to any party or gathering. The Valentines Day Wine Glass Charms are currently available through their website (with worldwide shipping). They will soon be available through the Simply Charmed Global Store on Amazon as well.

Speaking on behalf of Simply Charmed, Megan Buller says, ?Our Valentine?s Day charm is a unique way to make the day special. The charm set includes Cupid, the word ?Love,? a Victorian heart, a gift charm, champagne bottle and red lips. They are bound to make a great gift for your sweetheart, best friend, mom, sister and even just for yourself. Let the people you know enjoy a little token that reminds them how much you care.?

Simply Charmed make a wide variety of magnetic wine glass markers work to celebrate occasions throughout the year. They do not function in the same way as the hoops that swing around the stem and dangle and clank, which many people find irritating during parties. Buller explains, ?Our glass markers attach with two strong magnets through the glass and are very popular with stemless wine glasses. They work with any kind of acrylic glass and leaded glasses. They look absolutely stunning on martini glasses and champagne flutes.?

The company?s other Valentines Day gifts include their Romantic Getaway set and their Chocolate Lovers wine charm set (which includes cute chocolates, a heart, a chocolate covered strawberry, a cake and a cupcake charm). There is plenty of variety for everyone, according to Buller. There is even a Paris themed set for those who love to travel?or are perhaps celebrating a honeymoon or anniversary in France.

Feedback from their many verified Amazon customers shows why other customers love Simply Charmed?s magnetic wine charms. For example, Valerie, who gave them 5 Stars, says in her highly positive review that, ?I absolutely love these wine charms! They are perfect for when we entertain and have friends over. The

magnet on the charms is super strong, no worries about losing them in your wine! They stay put! You can also put them on plastic wear and they work! After our last party, I just placed them back on the card they came on and put the card back in the plastic case for storage. I love that they are made in the USA! All my friends will be getting these great wine charm markers as a gift from me!?

Buller responds, ?We are grateful to all our customers who have left their feedback online. It really makes our day to learn that we helped make a happy occasion feel more special. We have been handcrafting our wine charms in Libertyville, Illinois since 2009, and we now have over 80 designs in our catalog. This means we have a special set for everyone, including dog and cat lovers, beach lovers and many other selections for the holidays. So, wherever or whenever wine, cocktails, mimosas or even lemonade is being served, it is always fun to add our charms to a glass.?

One of Simply Charmed?s most popular items, their Swarovski Crystal Magnetic Wine Glass Charms, has received the prestigious Amazon?s Choice badge, which reflects their high quality products and complete dedication to customer satisfaction. The small US-owned company focuses on quality, not mass production. They stand behind their products with a 30-day ?no questions asked? money back guarantee and a 1-year free replacement on any charm that might happen to come apart.

Those who wish to get their special Valentines Day charms are urged to place their order now through the Simply Charmed website (which currently provides a discount from their retail price). Those active on social media are welcome to connect with Simple Charmed directly on Facebook, Instagram, Pinterest, Twitter and YouTube to stay abreast of their latest news, special offers and announcements.
