

Nike Online Store Has Sold Out on All Kobe Bryant Gear

January 30, 2020

January 30, 2020 - PRESSADVANTAGE -

Sunsella, a retail company based in Las Vegas, Nevada, that offers home and kitchen products online, has commented on the news that a Nike online store has apparently sold out all Kobe Bryant gear available on its website. The Nike ecommerce site is now only offering gift cards for Los Angeles Lakers gear as of late Monday, January 27, 2020. Meanwhile, other websites where sneakers can be resold have increased their prices for the gear that are associated with the basketball player who perished with his daughter and others in a helicopter crash.

The Las Vegas online retailer of home and kitchen products pointed out that the non-availability of the Nike gear associated with Kobe Bryant is the result of the unusually high demand as a result of the helicopter crash that killed the former Los Angeles Lakers star player. With such a high demand, retailers will run out of items to sell, causing a temporary non-availability of the items while production has not yet caught up with the demand. They advised people who desire to get hold of such Nike gear to wait until such time that those items will become available again.

Among the Kobe Bryant branded shoes released by Nike were the Kobe A.D. shoes that were first introduced

after his retirement from the Lakers in 2016. Another model was also introduced to commemorate the two jersey numbers worn by Kobe Bryant as a member of the Los Angeles Lakers by placing the number 8 on the back heel of one shoe and the number 24 on the other back heel.

One of the convenient home and kitchen products available online from SunSella is a Stainless Steel Water Bottle with Clip. This is a 17 ounce water bottle made from high quality stainless steel. It has a double walled design to make sure that it insulates the beverage placed inside it. And with its vacuum insulation, it is assured that the hot or cold beverage contained inside will maintain its temperature for at least 24 hours. It has also been provided with a detachable silicone ring with aluminum carabiner so that consumers can clip it onto their backpacks, bags, duffel bags, etc., while they're jogging, hiking, or travel. This will make sure that it will not be forgotten and left behind. It also has a leak proof screw on lid with optimum insulation properties.

Sunsella also offers a silicone vegetable steamer. This is made from top quality silicone and it has been designed in such a way that it can easily be made more compact to make it ready for storage. It can also be adjusted so that it can be placed inside a large range of sizes of pots and pans. It can withstand heat up to temperatures of 446 degrees Fahrenheit or 230 degrees Centigrade. It also been provided with strong and durable locking handles, which are used to retrieve it easily from inside a hot pot or pan. The handles can also be folded to allow the lid of the pot or pan where it is placed to be closed. It can be used for steaming different kinds of food like dumplings, chicken, fruits, meat, vegetables, desserts, eggs, seafood, and more.

Another useful home and kitchen product from SunSella is a Leakproof Lunch Container. These are actually bento boxes that have been ensured not to leak. Thus, soup and other liquids will not accidentally get out of the box and possibly ruin other things in the bag where the bento boxes have been placed. The soup or sauce in one compartment will not also leak into the other compartments, preventing the soup or sauce from getting to the other food items and ruining their taste. This bento box can also be utilized as a worker's lunch box. Thus, people can plan and prepare their lunch for the whole week and then keep these bento boxes in their fridge. In the morning, while preparing to go to work, they can get one box out from the fridge, heat it up and bring it along to work.

Those who are interested in some of the SunSella home and kitchen products can head along to their website or Amazon page or contact them through the telephone or via email.
