August 13, 2015 - PRESSADVANTAGE -
TantrumSprayTans.com now available to pamper our clients in Boynton Beach, Fl with their natural Spray Tan. The company was started to ensure health conscious tanners had an alternative to tanning beds and traditional sun bathing.

Traditional sun bathing has caused skin cancer, premature aging, and immune system suppression. And tanning beds are just as bad. Even the more natural applied self tanners leave orange residue, streaks and odors that made the results less than appealing. That perfect sunless tan without any harmful side effects can finally be attained by health conscious individuals, body builders, fitness folks, models, dance & cheerleading squads, brides, and grooms etc.

TantrumSprayTans.com offers it's clientele a safe, fast and even tan without damaging or aging their skin. ?Our clients are worried about damaging their skin and hear about the cancer issues . They want that gorgeous tanned look without harmful UV rays, aging their skin or any of the many negative side effects associated with hitting the beach or burning up in tanning beds.? says Owner Melinda Dixon.

Tantrum's Spray Tan website says their tans are applied at their clients' locations by professionally trained and certified technicians to ensure a safe tanning experience. The staff apply a safe, natural solution that is free from tan lines, orange coloring, sticky residue and odors.

?Our customers love that natural, even tanned look. They know our solutions are NATURAL and free from harsh chemicals. Our clients achieve a perfect tan without the hassles of driving to a salon or spending hours sunbathing at the beach. We go directly to our clients location and in about 20 minutes get them looking like they just spent a couple weeks in the tropics," says Ms Dixon.

"We see our regular clients about every other week. Others call us in a few days prior to their a big performance, social or professional event. Tantrum Mobile Spray Tan Service was created for health-minded people that choose to spray tan in the privacy of their home, office or venue. We go directly to our clients

doors and apply our proprietary solution based on their individual skin type and desired color. We achieve beautiful, natural, safe results," says Melinda Dixon Owner of TantrumSprayTans.com.
