February 04, 2020 -
Roseville, California based Don?s Awnings is pleased to announce that they are celebrating 40 years of business providing retractable awnings and aluminum lattice and solid patio covers. The company is taking a look back at their early years and the milestones they passed on their way to their current position within the local community.

Don?s Awnings first opened in Santa Barbara, California in 1980 and has called Roseville home ever since. They have constructed many beautiful patio covers, awnings and drop shade designs for customers throughout the area. The company takes pride in the outstanding customer service they have come to be known for among local residents. They say, ?As we are locally owned and operated, you know you?ll receive the best customer service and quality craftsmanship.? Visit the company?s website at the following link to learn more about their work and other activities: https://donsawnings.com/.

The company provides a full suite of design recommendations, and they are familiar with SCLH design guidelines as well as Sun City designs. In addition, they have over 500 Sun City clients as references who are more than willing to speak about the great work the Roseville company has done for them. The company?s website has a number of images showcasing the quality of the work done by Don?s Awnings. There are, for example, dozens of images from more than 35 custom lattice patio and window cover and walkway covering projects throughout Roseville, Rocklin, Lincoln and the surrounding area (including the Sun City developments) on the company?s website.

Another service offered by Don?s Awnings is the installation of retractable patio and window awnings. Each of their retractable awnings is custom made to fit perfectly on any patio cover or window. The company has installed retractable awnings all over Roseville in a variety of custom designs made to fit the needs of each customer while also satisfying their aesthetic requirements. ?Block out the sun with the touch of a button with automatic retractable awnings or add semi-shade with window awnings,? the company suggests. Those who wish to explore further can get in touch with Don?s Awnings online at https://www.facebook.com/DonsAwnings.

Don?s Awnings? personalized lattices provide Roseville homeowners with the opportunity to beautify their homes with one of the company?s custom designs. One can relax outdoors and enjoy their backyard in the comfort of the shade provided by these aluminum patio covers. There is a large gallery of the custom lattice covers the company has installed all over Roseville, also accessible from their website.

Homeowners in search of a way to cover, protect and enjoy their BBQ, benches and/or hot tub may be interested in Don?s Awnings? free standing pergolas. They have installed a number of free-standing pergolas in Roseville, Rocklin and Lincoln, and customers may look up some of their work online as well.

?If Yelp allowed six stars, I would give Don's that rating,? says a rave review of the company on Yelp. ?Look no further than Don's Awnings! I obtained quotes from competitors and, when I met with Don, I recognized immediately I did not need to look further. Don has a vast knowledge of this industry. His integrity and how he dealt with my order from beginning to end was seamless and absent of any issues. I recommend Don's Awnings and give him the highest praise possible. Wish I could contract him for other projects because he truly is the very best!?

Another Yelp reviewer says, ?Don and his two men (Serg & Chris) were incredible to work with. They're fast and efficient. Not only are they gentleman but they cater to your needs and wants. We had them re-build our 900+ sq ft. covered awning and it came out better than we could have ever imagined. These men take pride in their work. They were always on time, cleaned up their work, very kind, and funny. Would definitely recommend them to everyone I know who has an awning that needs updating or any type of work! Truly loved having them at our home! Beautiful work! Thank you so much for making our backyard even more beautiful and peaceful, guys!?
