

Warrington FedEx Shipping Experts Share New Presorted Standard Mail Stamp News for 2020 Year

January 30, 2020

January 30, 2020 - PRESSADVANTAGE -

Warrington, Fla. - The Pack & Ship Business Centers Warrington is excited to share the most recent updates to the US Postal Service stamp collection. The United States Postal Service will issue a new stamp for presorted standard mail on Feb. 3 for use by bulk mailers. Continuing their dedication to service in providing the most current postal needs and products has been important to the success of the Warrington FedEx shipping Experts at Pack & Ship Business Center.

According to various news outlets, the nondenominated (10¢) Presorted Star coil stamp, with a design in red, white, blue and gold, will be issued in self-adhesive rolls of 3,000 and 10,000. The stamp will be used on large quantities of business mail (often advertising mail) that is prepared for mailing, with a permit, at a reduced postage rate. The new stamp is a patriotic, minimalistic design geared towards patriotic enthusiasts.

The stamp was designed by Matthew Pamer. The USPS art director for this stamp was Greg Breeding. ?This new stamp celebrates the beloved American Stars and Stripes by focusing on its vital components,? according to the Postal Service. ?The asymmetrical design includes one large white star, two white and three red stripes, and a brilliant blue background, as well as lettering and three small stars in gold.?

This news is imperative to the Warrington mailbox service to continue their status as the go-to resource for packing, shipping, printing and business service needs of the residents and businesses of Pensacola, FL. Their team of dedicated, professionally trained experts have consistently provided the utmost in customer care, along with saving customers time and money by ensuring they are receiving the right products and services at accessible prices.
